GPT 4 (no vision)  
GPT 3.5

[\[2303.10130\] GPTs are GPTs: An Early Look at the Labor Market Impact Potential of Large Language Models \(arxiv.org\)](#)

A 12-year-old girl is brought to the emergency department by her mother because of a 1-week history of worsening swelling in her legs. The patient also noticed blood in her urine yesterday. The bleeding has not recurred. She had an upper respiratory tract infection and sore throat 1 week ago that caused her to miss several days of school. Medical history is otherwise unremarkable and she takes no routine medications. Menarche has not yet occurred. BMI is 20 kg/m<sup>2</sup>. Vital signs are temperature 37.0°C (98.6°F), pulse 78/min, respirations 12/min, and blood pressure 136/84 mm Hg. Pulse oximetry on room air shows an oxygen saturation of 100%. Physical examination discloses erythema of the posterior pharynx, mild cervical lymphadenopathy, and 3+ pitting edema to both knees.

Results of urinalysis are shown:

Protein	150 mg/dL
Blood	Positive
Leukocyte esterase	Positive
Nitrite	Negative
WBCs	5–10/hpf
RBCs	10–25/hpf
Casts	1–2/lpf

Results of which of the following laboratory studies are most likely to be abnormal in this patient?

- (A) Bleeding time
- (B) Erythrocyte count
- (C) Serum concentration of C3
- (D) Serum IgA concentration
- (E) Serum rheumatoid factor assay

I would choose (C) Serum concentration of C3 as the most likely abnormal laboratory finding in this patient.

This patient presents with a history of recent upper respiratory tract infection, hematuria, proteinuria, and edema. These findings are suggestive of post-streptococcal glomerulonephritis (PSGN), an immune-mediated kidney disease that can develop after a streptococcal infection, such as a sore throat.

In PSGN, immune complexes containing streptococcal antigens are deposited in the glomeruli, leading to inflammation and damage. This results in decreased function of the complement system, which can lead to decreased levels of C3.

The other options are less likely in this case:

(A) Bleeding time: There is no indication of a bleeding disorder in this patient.

(B) Erythrocyte count: Although hematuria is present, a significant change in erythrocyte count is not indicated.

(C) Serum C3

(D) Serum C4

(E) Serum C5

(F) Serum C6

(G) Serum C7: This is a marker for rheumatoid arthritis, which doesn't match this patient's presentation.

## Capabilities of GPT-4 on Medical Challenge Problems

Harsha Nori, Nicholas King, Scott Mayer McKinney, Dean Carignan, Eric Horvitz

*No specialized training!*

I'm training to be a doctor. Please play-act the role of Meg, and I will be her doctor. Let's have a conversation as though she has come to me in my office. I'll start:

Hi, Meg. Your mother tells me that you've been having some swelling in your legs. Can you tell me how you are feeling?

Hi, Doctor. Yes, I've noticed that my legs have been swelling up, especially around my knees. It's been getting worse over the past week, and it feels a bit uncomfortable. I'm also worried because I saw some blood in my urine yesterday. I had a sore throat and a cold last week, but I didn't think it would cause these problems. I'm really scared and don't know what's happening to me.

Ok, I see. Well, let's see if we can get to the bottom of this. Let me first look over your vital signs that the nurse took. Hmm, that all looks fine. So then let's take a look at your knees. Can you sit up here?

Sure, Doctor. Here, let me sit up on the examination table. I hope you can figure out what's causing the swelling and the other issues I've been having. It's been really distressing for me. ...

# Art of the Possible: Visual Extraction and Reasoning

Can you explain this meme?

Sometimes I just look at pictures of the earth from space and I marvel at how beautiful it all is.

Input Prompt

This meme is a joke that combines two unrelated things: pictures of the earth from space and chicken nuggets. The text of the meme suggests that the image below is a beautiful picture of the earth from space. However, the image is actually of chicken nuggets arranged to vaguely resemble a map of the world.

The humor in this meme comes from the unexpected juxtaposition of the text and the image. The text sets up an expectation of a majestic image of the earth, but the image is actually something mundane and silly.

Completion

"Computers will one day see, hear, talk, and understand human beings."

Here is a sudoku puzzle. Can you please solve it?

```
2 6 _ _ 7 _ 4 8 3
3 1 _ _ _ _ _ 9
5 7 _ 3 4 _ _ 2
1 _ _ _ _ 9 _ _
_ 8 _ 9 _ _ 3 _
_ _ 7 _ _ _ _ 5
7 _ _ 5 2 _ 9 4
8 _ _ _ _ _ 5 7
9 5 6 _ 3 _ _ 2 1
```

Yes, here is a solution:

```
2 6 9 5 7 1 4 8 3
3 1 4 2 6 8 7 1 9
5 7 8 3 4 9 1 6 2
1 2 6 7 8 4 9 2 6
4 8 2 6 9 7 5 3 8
6 3 7 8 2 5 6 4 5
7 6 3 9 5 2 8 9 4
8 4 1 7 1 3 6 5 7
9 5 6 4 3 6 7 2 1
```
