Euro Medium Term Note Programme (the “Programme”)

This Prospectus (as defined below) supersedes the Prospectus dated 10 June 2016 relating to the €10,000,000,000 Euro Medium Term Note Programme of SpareBank 1 SMN, SpareBank 1 Nord-Norge and SpareBank 1 Østlandet (formerly Sparebanken Hedmark) (each an “Issuer” and together the “Issuers”) and Sparebank 1 SR-Bank ASA (which ceased to be an issuer with effect on and from the date hereof). This Prospectus does not affect any Notes already issued. This document constitutes three base prospectuses for the purposes of Article 5.4 of Directive 2003/71/EC (the “Prospectus Directive”) as amended (which includes the amendments made by Directive 2010/73/EU (the “2010 PD Amending Directive”)), (i) the base prospectus for SpareBank 1 SMN, in respect of non-equity securities within the meaning of Article 22 No. 6(4) of the Commission Regulation (EC) No. 809/2004 of 29 April 2004 as amended (the “Notes”) to be issued by SpareBank 1 SMN under the Programme, (ii) the base prospectus for SpareBank 1 Nord-Norge in respect of Notes to be issued by SpareBank 1 Nord-Norge under the Programme, and (iii) the base prospectus for SpareBank 1 Østlandet in respect of the Notes to be issued by SpareBank 1 Østlandet under the Programme (together, the “Prospectus”).

Under the Programme each Issuer may from time to time issue Notes denominated in any currency agreed between the relevant Issuer and the relevant Dealer (as defined below). The Notes of each Issuer will be obligations of that Issuer alone.

As more fully described herein, Notes may be (i) issued on an unsubordinated basis (“Unsubordinated Notes”) or (ii) issued on a subordinated basis as provided in “Terms and Conditions of the Notes” herein (“Subordinated Notes”). The Terms and Conditions of Subordinated Notes will not contain any events of default.

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €10,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under “General Description of the Programme” and any additional Dealer appointed under the Programme from time to time by an Issuer (each a “Dealer” and together the “Dealers”), which appointment may be for a specific issue or on an ongoing basis. References in this Prospectus to the “relevant Dealer” shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to purchase such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see “Risk Factors”.

Application has been made to the *Commission de Surveillance du Secteur Financier* (the “CSSF”) in its capacity as competent authority under the Luxembourg Act dated 10 July 2005 on prospectuses for securities, as amended (“Prospectus Act 2005”) to approve this document as a base prospectus. The CSSF assumes no responsibility for the economic and financial soundness of the transactions contemplated by this Prospectus or the quality or solvency of the Issuers in accordance with Article 7(7) of the Prospectus Act 2005. Application has also been made to the Luxembourg Stock Exchange for Notes issued under the Programme to be listed on the Official List of the Luxembourg Stock Exchange and to be admitted to trading on the Luxembourg Stock Exchange’s regulated market.

References in this Prospectus to Notes being listed (and all related references) shall mean that such Notes have been admitted to the Official List of the Luxembourg Stock Exchange and have been admitted to trading on the Luxembourg Stock Exchange’s regulated market. The Luxembourg Stock Exchange’s regulated market (the “Regulated Market”) is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2004/39/EC).

The requirement to publish a prospectus under the Prospectus Directive (as defined under “Important Information” below) only applies to Notes which are to be admitted to trading on a regulated market in the European Economic Area (the “EEA”) and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive (as implemented in the relevant Member State(s)). **References in this Prospectus to Exempt Notes are to Notes for which no prospectus is required to be published under the Prospectus Directive. The CSSF has neither approved nor reviewed information contained in this Prospectus in connection with Exempt Notes.**

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under “Terms and Conditions of the Notes”) of Notes will (other than in the case of Exempt Notes, as defined above) be set out in a final terms document (the “Final Terms”) which will be filed with the CSSF.

Copies of Final Terms in relation to Notes to be listed on the Luxembourg Stock Exchange will also be published on the website of the Luxembourg Stock Exchange (www.bourse.lu). In the case of Exempt Notes, notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche will be set out in a pricing supplement document (the “Pricing Supplement”).

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the relevant Issuer and the relevant Dealer. Each Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “Securities Act”) or any U.S. State securities laws and may not be offered or sold in the United States or to, or for the account or the benefit of, U.S. persons as defined in Regulation S under the Securities Act unless an exemption from the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction.

SpareBank 1 Nord-Norge has been rated “A1” by Moody’s Investors Service Limited (“Moody’s”) and “A” by Fitch Ratings Limited (“Fitch”). SpareBank 1 SMN has been rated “A1” by Moody’s and “A-” by Fitch. SpareBank 1 Østlandet has been rated A1 by Moody’s and is not rated by Fitch. Each of Moody’s and Fitch is established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended) (the “CRA Regulation”). As such each of Moody’s and Fitch is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the CRA Regulation.

Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms (or Pricing Supplement, in the case of Exempt Notes) and will not necessarily be the same as the rating assigned to the Programme by Moody's and Fitch. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

IMPORTANT INFORMATION

This Prospectus comprises a base prospectus in respect of all Notes other than Exempt Notes issued under the Programme for the purposes of Article 5.4 of the Prospectus Directive. When used in this Prospectus, "Prospectus Directive" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in a relevant Member State of the EEA).

Each Issuer accepts responsibility for the information contained in this Prospectus and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of each Issuer (each having taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

Certain information in the "Description of the Issuer" section on pages 101-112 has been extracted from certain third party sources as specified therein. The Issuer confirms that such information has been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published by such sources, no facts have been omitted which would render the reproduced information inaccurate or misleading.

Subject as provided in the applicable Final Terms, the only persons authorised to use this Prospectus in connection with an offer of Notes are the persons named in the applicable Final Terms as the relevant Dealer or the Managers, as the case may be.

Copies of the Final Terms will be available from the registered office of each Issuer and the specified office set out below of each of the Paying Agents (as defined below) and will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

This Prospectus is to be read in conjunction with all documents which are deemed to be incorporated in it by reference (see "Documents Incorporated by Reference"). This Prospectus shall be read and construed on the basis that those documents are incorporated and form part of this Prospectus.

No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers as to the accuracy or completeness of the information contained or incorporated in this Prospectus or any other information provided by any Issuer in connection with the Programme. No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Prospectus or any other information provided by any Issuer in connection with the Programme.

No person is or has been authorised by any Issuer to give any information or to make any representation not contained in or not consistent with this Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by any of the Issuers or any of the Dealers.

Neither this Prospectus nor any other information supplied in connection with the Programme or any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by any of the Issuers or any of the Dealers that any recipient of this Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of any of the Issuers. Neither this Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of any of the Issuers or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained in it concerning any Issuer is correct at any time subsequent to its date or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of any Issuer during the life of the Programme or to advise any investor in Notes issued under the Programme of any information coming to their attention.

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes, from 1 January 2018 are not intended to be offered, sold or otherwise made available to and, with effect from such date should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (**MiFID II**); (ii) a customer within the meaning of Directive 2002/92/EC (**IMD**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the **Prospectus Directive**). Consequently no key information document required by Regulation (EU) No 1286/2014 (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS PROSPECTUS AND OFFERS OF NOTES GENERALLY

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. Each Issuer and the Dealers do not represent that this Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by any of the Issuers or the Dealers which is intended to permit a public offering of any Notes or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of Notes in the United States, the EEA (including the United Kingdom) and Japan (see “Subscription and Sale”).

This Prospectus has been prepared on the basis that any offer of Notes in any Member State of the EEA which has implemented the Prospectus Directive (each, a “Relevant Member State”) must be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer of Notes in that Relevant Member State may only do so in circumstances in which no obligation arises for the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the relevant Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the relevant Issuer or any Dealer to publish or supplement a prospectus for such offer. The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

(i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Offering Circular or any applicable supplement;

(ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

(iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;

(iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of any relevant indices and financial markets; and

(v) is able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal

advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

RISK FACTORS

In purchasing Notes, investors assume the risk that the Issuers may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the relevant Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuers may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuers' control. The Issuers have identified in this Prospectus a number of factors which could materially adversely affect their business and ability to make payments due under the Notes. In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Factors that may affect the Issuers' ability to fulfil their obligations under Notes issued under the Programme

Risk assessment

In the course of its business activities, the relevant Issuer is exposed to a variety of risks, the most significant of which are credit risk, market risk, liquidity risk and operational risk. Whilst each Issuer believes it has implemented the appropriate policies, systems and processes to control and mitigate these risks, investors should note that any failure to control these risks adequately could adversely affect the relevant Issuer's financial condition and reputation. A description of these risks and the systems and processes used to control them is detailed below.

Risk management

Risk is a basic element in a bank's business model. Consequently, the relevant Issuer places heavy emphasis on identifying, measuring, managing and monitoring central risks in such a way that the relevant Issuer achieves its strategic objectives.

Risk management is a key element of the Issuers' management philosophy, organisation, routines and systems, including good management by objectives using the Balanced Scorecard Approach. The Issuers aim to maintain a moderate risk profile and to apply risk monitoring of such high quality that no single event will seriously impair the Issuers' financial position. As part of this effort, the Issuers scrutinise the most critical risk areas and the measures established to manage these risks at least once a year. This scrutiny is an important element in the Issuers' ongoing risk management. Together with the other banks in the SpareBank 1 collaboration, the Issuers continue to adapt existing risk management processes, including the relevant framework, guidelines and organisation, to meet the expected future requirements from the Basel Committee on Banking Supervision and other relevant regulatory bodies.

Credit risk

Credit risk is the risk of losses if the Issuers' customers or other counterparties fail to meet their commitments to the Issuers.

The Issuers' credit policy derives from their main strategy, and contains guidelines for risk profile, distribution between the retail market and the corporate market, geographical constraints, maximum overall commitment in some sectors and size of individual commitments, as well as separate rules for specific types of commitments.

The Issuers' risk classification systems are designed with a view to managing the Issuers' loan portfolio in line with the Issuers' credit strategy and to securing an appropriate risk-adjusted return.

The classification system of business market customers utilises a scoring model that takes into account the conduct, financial position and the value of any collateral of the customer. All criteria are objective and based on publicly available information such as audited accounts, credit information and data from the Issuers' own registers.

The risk classification system and credit routines make clear-cut demands on the processes and risk assessments involved in dealing with business and retail market commitments.

A staff member is assigned responsibility for each customer. This staff member is responsible for following up on the customer on a daily basis and for checking that the customer maintains its ability to pay. In addition, each Issuer has a credit support division that takes over dealings with customers who are obviously unable, or are highly likely to become unable, to service their commitments unless action is taken beyond ordinary follow-up.

Risks arising from changes in credit quality and the recoverability of loans and amounts due from borrowers and other counterparties are inherent in a wide range of the Issuers' businesses. Adverse changes in the credit quality of the Issuers' borrowers and counterparties or a general deterioration in Norwegian or the global economic conditions, or arising from systemic risks in the financial system, or a fall in collateral values, or a change in the Issuers' provisions for bad and doubtful debts and other provisions, could have a material impact on the relevant Issuer's financial position.

Actual loan losses vary over the business cycle, and additional loan losses may occur at a rate higher than experienced in the past due to the prevailing market conditions.

Market risk

Market risk is the risk of a loss on a financial instrument as a result of changes in market variables and/or market conditions within a specified timeframe. Market risk is managed by means of detailed limits for investments in equities, bonds and on positions taken in the fixed-income and currency markets. The limits are reviewed at least once a year and are adopted yearly by the Issuers' respective Board of Directors. Exposures relative to the adopted limits are reported monthly to the respective Board of Directors. The Issuers' limits are well within the maximum limits set by the authorities.

Changes in currency exchange rates, particularly with regard to Norwegian Kroner, affect the value of the Issuers' assets and liabilities denominated in foreign currencies, and may affect their other business areas. The performance of financial markets may cause changes in the value of the Issuers' investment and trading portfolios.

Liquidity risk

Liquidity risk is the risk that the Issuers will not be able to meet their obligations as they fall due.

The Issuers' most important source of finance is customer deposits. Due to changes in customer savings behaviour and relatively high credit demand, the Issuers' dependence on other sources of capital has increased. The Issuers expect that this situation will persist.

The Issuers reduce their liquidity risk by diversifying funding across a variety of markets, funding sources and instruments, and by employing long-term borrowing. The Issuers' respective Board of Directors have adopted a liquidity strategy and established a framework that promote a long-term perspective and balance in liquidity procurement. The position in relation to the adopted framework is monitored by the Issuers' respective risk management and reported to the Issuers' respective Board of Directors on a monthly basis. A reserve in the form of committed drawing rights is maintained to further reduce liquidity risk. The Issuers have adopted a preparedness plan to handle both bank-specific and sector-related crisis scenarios. However, the inability of the Issuers to anticipate and provide for unforeseen decreases or changes in funding could have adverse consequences on the Issuers' ability to meet their obligations when they fall due.

Operational risk

Operational risk is the risk of loss inherent in the Issuers' ongoing operations as well as in external events, including the risk of loss as a result of inadequate or faulty internal processes and systems, human error and various forms of attack on the Issuers such as theft, cheque counterfeiting, fraud, embezzlement and computer crime.

Operational risk is often associated with specific, unique events. Several events in the finance industry in recent years have confirmed that losses as a result of operational risk occur regularly. Such losses must be dealt with as they arise and must be continuously monitored. Any mismanagement, fraud or failure to satisfy fiduciary or regulatory responsibilities, or the negative publicity resulting from such activities or allegations of such activities associated with the Issuers or a relevant industry sector generally could have a material adverse effect on the Issuers' business, results of operations and/or financial condition. In particular, reputational damage to the Issuers could adversely affect new business sales. Negative publicity in respect of the Issuers could also potentially result in regulators subjecting the Issuers' businesses to closer scrutiny than would otherwise be the case, which may in turn result in higher costs, sanctions or fines.

Regulatory Risk

The Issuers are subject to financial services laws, regulations, administrative actions and policies in Norway. Changes in supervision and regulation, in Norway, could affect the Issuers' business, the products and services offered or the value of their assets. Although the Issuers work closely with their regulators and continually monitor the situation, future regulation, fiscal or other policies can be unpredictable and are beyond the control of the Issuers.

The Council of the European Union has adopted a bank recovery and resolution directive which is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. The implementation of the directive or the taking of any action under it could materially affect the value of any Notes.

On 2 July 2014, Directive 2014/59/EU providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the "Bank Recovery and Resolution Directive" or "BRRD") entered into force. The BRRD is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The BRRD, under its terms, was required to be applied by EU Member States from 1 January 2015, except for the general bail-in tool (see below) which applies from 1 January 2016. It should be noted that Norway will not be directly bound by the BRRD before it has been implemented into the EEA Agreement and national Norwegian law. On 26 October 2016, the Norwegian Banking Law Commission published its proposal for implementation of BRRD in Norwegian law. The proposal has been subject to a hearing, and is currently under consideration by the Ministry of Finance. It is expected that the final draft implementing legislation will be presented and approved sometime during 2017 and enter into force shortly thereafter.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest: (i) sale of business – which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution – which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control), which may limit the capacity of the firm to meet its repayment obligations; (iii) asset separation – which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool

only); and (iv) bail-in – which gives resolution authorities the power to write down certain claims of unsecured creditors of a failing institution (which write-down may result in the reduction of such claims to zero) and to convert certain unsecured debt claims including Senior Notes and Subordinated Notes to equity or other instruments of ownership (the “general bail-in tool”), which equity or other instruments could also be subject to any future cancellation, transfer or dilution.

The BRRD also provides for a Member State as a last resort, after having assessed and exploited the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

An institution will be considered as failing or likely to fail when: it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; its assets are, or are likely in the near future to be, less than its liabilities; it is, or is likely in the near future to be, unable to pay its debts as they fall due; or it requires extraordinary public financial support (except in limited circumstances).

In addition to the general bail-in tool, the BRRD provides for resolution authorities to have the further power to permanently write-down or convert into equity capital instruments such as Subordinated Notes at the point of non-viability and before any other resolution action is taken (“non-viability loss absorption”).

For the purposes of the application of any non-viability loss absorption measure, the point of non-viability under the BRRD is the point at which the relevant authority determines that the institution meets the conditions for resolution (but no resolution action has yet been taken) or that the institution will no longer be viable unless the relevant capital instruments (such as Subordinated Notes) are written-down or converted or extraordinary public support is to be provided and without such support the appropriate authority determines that the institution would no longer be viable.

Any application of the general bail-in tool and, in the case of Subordinated Notes, non-viability loss absorption under the BRRD shall be in accordance with the hierarchy of claims in normal insolvency proceedings. Accordingly, the impact of such application on holders of Notes will depend on their ranking in accordance with such hierarchy, including any priority given to other creditors such as depositors.

To the extent any resulting treatment of holders of Notes pursuant to the exercise of the general bail-in tool is less favourable than would have been the case under such hierarchy in normal insolvency proceedings, a holder has a right to compensation under the BRRD based on an independent valuation of the firm (which is referred to as the “no creditor worse off safeguard” under the BRRD). Any such compensation is unlikely to compensate that holder for the losses it has actually incurred and there is likely to be a considerable delay in the recovery of such compensation. Compensation payments (if any) are also likely to be made considerably later than when amounts may otherwise have been due under the Notes. In the event that Subordinated Notes are subject to the application of non-viability loss absorption, compensation (if any) would only be in the form of equity.

The powers set out in the BRRD will impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors. Once the BRRD is implemented in Norway, holders of Senior Notes and Subordinated Notes may be subject to write-down or conversion into equity on any application of the general bail-in tool and, in the case of Subordinated Notes, non-viability loss absorption, which may result in such holders losing some or all of their investment. Such application could also involve modifications, including alteration of the principal amount or any interest payable on the Notes, the maturity date or any other dates on which payments may be due, as well as the suspension of payments for a certain period, to or the disapplication of provisions in, the Terms and Conditions of the Notes. As a result, the exercise of any power under the BRRD or any suggestion of such exercise could, therefore, materially adversely affect the rights of Noteholders, the price or value of their investment in any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes.

As it remains uncertain how and when the BRRD will be implemented in Norway, and in any event the Norwegian authorities could elect to adopt more onerous provisions than required under the EU legislation, it is difficult to anticipate the potential implications for the Issuers or with respect to various types of Notes issued by the Issuers under the Programme.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features, distinguishing between factors which may occur in relation to any Notes and those which might occur in relation to certain types of Exempt Notes:

Risks applicable to all Notes

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

An optional redemption feature is likely to limit the market value of Notes. During any period when an Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

If the Issuer has the right to convert the interest rate on any Notes from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned.

Fixed/Floating Rate Notes are Notes which may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market in, and the market value of, the Notes since the Issuer may be expected to convert the rate when it is likely to result in a lower overall cost of borrowing for the Issuer. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing market rates.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates.

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

Risks applicable to certain types of Exempt Notes

There are particular risks associated with an investment in certain types of Exempt Notes, such as Index Linked Notes and Dual Currency Notes. In particular, an investor might receive less interest than expected or no interest in respect of such Notes and may lose some or all of the principal amount invested by it.

The relevant Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a “Relevant Factor”). In addition, the relevant Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical experience of an index or other Relevant Factor should not be viewed as an indication of the future performance of such Relevant Factor during the term of any Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any Notes linked to a relevant Factor and the suitability of such Notes in light of its particular circumstances.

Where Notes are issued on a partly paid basis, an investor who fails to pay any subsequent instalment of the issue price could lose all of his investment.

The relevant Issuer may issue Notes where the issue price is payable in more than one instalment. Any failure by an investor to pay any subsequent instalment of the issue price in respect of his Notes could result in such investor losing all of his investment.

Notes which are issued with variable interest rates or which are structured to include a multiplier or other leverage factor are likely to have more volatile market values than more standard securities.

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes will have more volatile market values than conventional Floating Rate Notes.

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market

values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Risks applicable to Subordinated Notes

The relevant Issuer's obligations under Subordinated Notes are subordinated

The relevant Issuer's obligations under Subordinated Notes will be unsecured and subordinated and will rank junior in priority of payment to the claims of all unsubordinated creditors of the relevant Issuer and to claims preferred under Norwegian law (as set out in Condition 3(a)(i)).

Although Subordinated Notes may pay a higher rate of interest than comparable Notes which are not subordinated, there is a real risk that an investor in Subordinated Notes will lose all or some of his investment should the relevant Issuer become insolvent.

In certain circumstances some or all of the principal amount of any Subordinated Notes may be cancelled

Under current Norwegian legislation, if the relevant Issuer's most recent audited accounts reveal that its net assets are less than 25 per cent. of its primary capital certificate capital and savings bank reserve, the general meeting of the relevant Issuer can, or the relevant Norwegian authorities can if the general meeting of the relevant Issuer does not do so: first, cancel primary capital certificate capital and savings bank reserve to compensate for the shortfall, and secondly, if any remaining shortfall exceeds a substantial part (as determined by the general meeting of the relevant Issuer or the relevant Norwegian authorities) of that Issuer's subordinated loan capital, cancel, in whole or in part, such subordinated loan capital (which would include principal in respect of all Subordinated Notes).

Subordinated Notes may be subject to loss absorption on any application of the general bail-in tool or at the point of non-viability of the Issuer.

The BRRD contemplates that Subordinated Notes may be subject to non-viability loss absorption, in addition to the application of the general bail-in tool. See "*The Council of the European Union has adopted a bank recovery and resolution directive which is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. The implementation of the directive or the taking of any action under it could materially affect the value of any Notes*").

There are no events of default in relation to Subordinated Notes

In the event that the relevant Issuer fails to pay interest or principal when due on any Subordinated Note, the holders of such Notes shall not be entitled to bring proceedings against the relevant Issuer for payment of such amounts.

Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

Certain majority decisions will be binding on all Noteholders

The conditions of the Notes contain provisions which may permit their modification without the consent of all investors. The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

An introduction of withholding tax on interest payments in Norway could lead to a redemption of affected Notes by the relevant Issuer

In a White Paper to the Parliament in October 2015 (Meld. St. 4 (2015-2016)), the Government advised that it will look further into the possible introduction of a Norwegian withholding tax on interest. In due course, a detailed proposal is expected to be submitted for public consultation when ready.

In the event of the withholding tax being implemented and the payments of interest in respect of an issue of Notes is subject to withholding tax, the Issuer would be required to gross up the payments in accordance with (but subject to the exceptions set out in) Condition 8. If the Issuer has or will become obliged to pay additional amounts as provided in Condition 8, the Issuer may (subject to the conditions set out therein) exercise its right to redeem the Notes at the Early Redemption Amount pursuant to Condition 7(b).

The value of the Notes could be adversely affected by a change in English or Norwegian law or administrative practice.

The conditions of the Notes (except for Condition 3) are based on English law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Condition 3 is based on Norwegian law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to Norwegian law or administrative practice after the date of this Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued.

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Reform and Regulation of “benchmarks”

So-called benchmarks such as the Euro Interbank Offered Rate (“**EURIBOR**”), ISDAFIX (now restructured and renamed the ICE Swap Rate) referenced swap rates and other indices which are deemed “benchmarks” (each a “**Benchmark**” and together, the “**Benchmarks**”), to which the interest on securities may be linked to, have become the subject of regulatory scrutiny and recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause the relevant benchmarks to perform differently than in the

past, or have other consequences which may have a material adverse effect on the value of and the amount payable under the Notes.

International proposals for reform of Benchmarks include the European Council's regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the "**Benchmark Regulation**") which was published in the official journal on 29 June 2016. In addition to the aforementioned regulation, there are numerous other proposals, initiatives and investigations which may impact Benchmarks.

Any changes to a Benchmark as a result of the Benchmark Regulation or other initiatives, could have a material adverse effect on the costs of refinancing a Benchmark or the costs and risks of administering or otherwise participating in the setting of a Benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain Benchmarks, trigger changes in the rules or methodologies used in certain Benchmarks or lead to the disappearance of certain Benchmarks. Although it is uncertain whether or to what extent any of the abovementioned changes and/or any further changes in the administration or method of determining a Benchmark could have an effect on the value of the Notes, investors should be aware that they face the risk that any changes to the relevant Benchmark may have a material adverse effect on the value of and the amount payable under the Notes.

Risks related to the market generally

Set out below is a description of the material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes.

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be very liquid and may be sensitive to changes in financial markets. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case should the Issuer be in financial distress, which may result in any sale of the Notes having to be at a substantial discount to their principal amount or for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

If an investor holds Notes which are not denominated in the investor's home currency, he will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes.

Each Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates. Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes.

One or more independent credit rating agencies may assign credit ratings the Issuer or to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority (“ESMA”) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Prospectus.

Economic activity in Norway

The Issuers’ business activities are dependent on the level of financial services required by their customers. Such requirements are heavily dependent on customer confidence, employment, state of the market and also interest rates. The Issuers conduct the majority of their business in Norway, with a focus upon the geographies outlined in the Issuers’ business descriptions set out on pages 80 to 112 of this Prospectus. Performance is impacted by the general level and cyclicity of business in Norway which is in turn affected by both domestic and international political events.

Disruptions in the global credit markets and economy

Financial markets are subject to periods of historic volatility which may impact the Issuers’ abilities to raise debt in a similar manner and at a similar cost to historic funding. Challenging market conditions have resulted in reduced liquidity, a widening of credit spreads and a lack of price transparency in the credit markets. Changes in investment markets, including in interest rates, exchange rate and returns from equity, property and other investments may affect the financial performance of the Issuers.

FORM OF THE NOTES

Any reference in this section to "applicable Final Terms" shall be deemed to include a reference to "applicable Pricing Supplement" where relevant.

Each Tranche of Notes will be in bearer form and will initially be issued in the form of a temporary global note (a "Temporary Global Note") or, if so specified in the applicable Final Terms, a permanent global note (a "Permanent Global Note" and, together with the Temporary Global Note, each a "Global Note") which, in either case, will (i) if the Global Notes are intended to be issued in new global note ("NGN") form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "Common Safekeeper") for Euroclear Bank SA/NV ("Euroclear") and Clearstream Banking, S.A. ("Clearstream, Luxembourg"); and (ii) if the Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the "Common Depositary") of Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Issuing and Principal Paying Agent (the "Agent").

On and after the date (the "Exchange Date") which is 40 days after the Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Global Note of the same Series or (ii) definitive Notes of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, receipts, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, "Exchange Event" means that (i) an Event of Default (as defined in Condition 10) has occurred and is continuing, (ii) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for

a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the relevant Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Global Note in definitive form. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

The following legend will appear on all Notes (other than Temporary Global Notes), receipts and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms or Pricing Supplement, as the case may be:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Pursuant to the Agency Agreement (as defined under “*Terms and Conditions of the Notes*”), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

Any Unsubordinated Note may be accelerated by the holder thereof in certain circumstances described in Condition 10. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note then from 8.00 p.m. (London time) on such day holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg on and subject to the terms of a deed of covenant (the “Deed of Covenant”) dated 9 June 2017, executed by each Issuer.

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes, in which event, other than where such Notes are Exempt Notes, a new Prospectus will be made available which will describe the effect of the agreement reached in relation to such Notes.

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes[, from 1 January 2018,] are not intended to be offered, sold or otherwise made available to and[, with effect from such date,] should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (**MiFID II**); (ii) a customer within the meaning of Directive 2002/92/EC (**IMD**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the **Prospectus Directive**). Consequently no key information document required by Regulation (EU) No 1286/2014 (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each Definitive Note, in the latter case only if permitted by the relevant stock exchange (if any) and agreed by the relevant Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Pricing Supplement in relation to any Tranche of Exempt Notes may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Notes. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to “Applicable Final Terms” for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued pursuant to the Agency Agreement (as amended and restated) (as defined below). References to the “Issuer” shall be references to the party specified as such in the applicable Final Terms (as defined below).

References herein to the “Notes” shall be references to the Notes of this Series and shall mean:

- (i) in relation to any Notes represented by a global Note (a “Global Note”), units of each Specified Denomination in the Specified Currency;
- (ii) any Global Note; and
- (iii) any definitive Notes issued in exchange for a Global Note.

The Notes, the Receipts (as defined below) and the Coupons (as defined below) have the benefit of an Agency Agreement (as amended and restated) (such Agency Agreement, as amended and/or supplemented and/or restated from time to time, the “Agency Agreement”) dated 9 June 2017, and made between, *inter alia*, SpareBank 1 SMN, SpareBank 1 Nord-Norge, SpareBank 1 Østlandet, Citibank, N.A., London Branch as issuing and principal paying agent and agent bank (the “Agent”, which expression shall include any successor agent) and the other paying agents named therein (together with the Agent, the “Paying Agents”, which expression shall include any additional or successor paying agents).

The final terms for this Note (or the relevant provisions thereof) are set out in Part A of the Final Terms attached to or endorsed on this Note which supplement these Terms and Conditions (the “Conditions”) or, if this Note is a Note which is neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under the Prospectus Directive (an “Exempt Note”), the final terms (or the relevant provisions thereof) are set out in Part A of the Pricing Supplement and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the Conditions, replace or modify the Conditions for the purposes of this Note. References to the applicable Final Terms are, unless otherwise stated, to Part A of the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note. References to the “applicable Final Terms” are, unless otherwise stated, to Part A of the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note. Any reference in the Conditions to “applicable Final Terms” shall be deemed to include a reference to “applicable Pricing Supplement” where relevant. The expression “Prospectus Directive” means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in a relevant Member State of the European Economic Area.

Interest bearing definitive Notes have interest coupons (“Coupons”) and, in the case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons (“Talons”) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Exempt Notes in definitive form which are repayable in instalments have receipts (“Receipts”) for the payment of the instalments of principal (other than the final instalment) attached on issue. Global Notes do not have Receipts, Coupons or Talons attached on issue.

Any reference to “Noteholders” or “holders” in relation to any Notes shall mean the holders of the Notes and shall, in relation to any Notes represented by a global Note, be construed as provided below. Any reference herein to “Receiptholders” shall mean the holders of the Receipts and any reference herein to “Couponholders” shall mean the holders of the Coupons and shall, unless the context otherwise requires, include the holders of the Talons.

As used herein, “Tranche” means Notes which are identical in all respects (including as to listing and admission to trading) and “Series” means a Tranche of Notes together with any further Tranche or Tranches of Notes which (i) are expressed to be consolidated and form a single series and (ii) have the same terms and conditions or terms and conditions which are the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue.

The Noteholders, the Receiptholders and the Couponholders are entitled to the benefit of the Deed of Covenant (such Deed of Covenant, as amended and/or supplemented and/or restated from time to time, the “Deed of Covenant”) dated 9 June 2017 and made by SpareBank 1 SMN, SpareBank 1 Nord-Norge, and SpareBank 1 Østlandet. The original of the Deed of Covenant is held by the common depositary for Euroclear (as defined below) and Clearstream, Luxembourg (as defined below).

Copies of the Agency Agreement and the Deed of Covenant are available for inspection during normal business hours at the specified office of each of the Paying Agents. If the Notes are to be admitted to trading on the regulated market of the Luxembourg Stock Exchange the applicable Final Terms will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu). If this Note is an Exempt Note, the applicable Pricing Supplement will only be obtainable by a Noteholder holding one or more such Notes and such Noteholder must produce evidence satisfactory to the Issuer and the relevant Paying Agent as to its holding of such Notes and identity. The Noteholders, the Receiptholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreement, the Deed of Covenant and the applicable Final Terms which are applicable to them. The statements in these Terms and Conditions include summaries of, and are subject to, the detailed provisions of the Agency Agreement.

Words and expressions defined in the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

In the Conditions, “euro” means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

Unless this Note is an Exempt Note, this Note may be a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

If this Note is an Exempt Note, this Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note, a Dual Currency Interest Note or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Pricing Supplement.

Subject as set out below, title to the Notes, Receipts and Coupons will pass by delivery. The Issuer and the Paying Agents will (except as otherwise required by law) deem and treat the bearer of any Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV ("Euroclear") and/or Clearstream Banking, S.A. Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be.

References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in Part B of the applicable Final Terms.

unsecured and unsubordinated obligations under guarantees of obligations of third parties, in each case except for any obligations preferred by mandatory provisions of applicable law.

3. STATUS OF THE SUBORDINATED NOTES

(a) This Condition applies only to Subordinated Notes and references to “Notes”, “Coupons”, “Noteholders” and “Couponholders” in this Condition shall be construed accordingly.

(i) The Notes and the relative Receipts and Coupons constitute unsecured subordinated obligations of the Issuer, conditional as described in Condition 3(c), and rank *pari passu* without any preference among themselves and at least equally with all other subordinated obligations of the Issuer (whether actual or contingent) having a fixed maturity from time to time outstanding. The Notes and the Coupons shall, in the event of a liquidation, dissolution, administration or other winding-up of the Issuer by way of public administration, be subordinated in right of payment only to the claims against the Issuer of all unsubordinated creditors of the Issuer and to claims preferred under Norwegian law generally.

(ii) The Issuer shall not, without the prior approval of an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders, incur, create, assume, grant or permit to be outstanding any subordinated indebtedness (whether actual or contingent) having a fixed maturity unless such indebtedness is subordinated, subject to applicable law, in the event of liquidation, dissolution, administration or other winding-up of the Issuer by way of public administration in right of payment so as to rank *pari passu* with or junior to the claims of the Noteholders and the Couponholders.

(b) *Definitions*

In these Terms and Conditions, “FSAN” means the Financial Supervisory Authority of Norway (*Finanstilsynet*) or such other agency of the Kingdom of Norway as assumes or performs the functions as at the Issue Date performed by the FSAN.

(c) *Loss Absorption*

Under Norwegian legislation, if the Issuer’s most recent audited accounts reveal that its net assets are less than 25 per cent. of its primary capital certificate capital and savings bank reserve, the general meeting of the Issuer can or the relevant authorities can if the general meeting of the Issuer does not do so: first, cancel primary capital certificate capital and savings bank reserve to compensate for the shortfall, and secondly, if any remaining shortfall exceeds a substantial part (as determined by the general meeting of the Issuer or by the relevant Norwegian authorities) of the Issuer’s subordinated loan capital, cancel, in whole or in part, such subordinated loan capital (which would include principal and corresponding interest in respect of all Subordinated Notes).

The Issuer shall give not more than 30 nor less than five Business Days’ (as defined in Condition 5(b)(i)) prior notice to the Agent and/or the Registrar, as the case may be, and to the Noteholders in accordance with Condition 14 of any cancellation of principal in respect of any Subordinated Notes pursuant to this Condition 3(c).

To the extent that part only of the outstanding principal amount of any Subordinated Notes has been cancelled as provided above, interest will continue to accrue in accordance with the terms hereof on the then outstanding principal amount of such Subordinated Notes.

Whilst Norwegian legislation does not specifically grant the right to cancel interest relating to subordinated loan capital, there is a possibility that the Norwegian courts would permit Norwegian authorities, or the general meeting of the Issuer, to cancel accrued but unpaid interest in respect of subordinated loan capital (which would include interest in respect of Subordinated Notes.

4. **NEGATIVE PLEDGE**

This Condition 4 is applicable only in relation to Unsubordinated Notes.

So long as any Note remains outstanding (as defined in the Agency Agreement), the Issuer shall not create or permit to subsist any Security Interest upon the whole or any part of its present or future undertaking, assets or revenues to secure any Relevant Indebtedness or Guarantee of Relevant Indebtedness without (a) at the same time or prior thereto securing the Notes equally and rateably therewith or (b) providing such other security for the Notes as may be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders.

In these Conditions:

“Guarantee” means, in relation to any indebtedness for money borrowed or raised of any Person, any obligation of another Person to pay such indebtedness for money borrowed or raised;

“Indebtedness” means any indebtedness of any Person for money borrowed or raised;

“Person” means any individual, company, corporation, firm, partnership, joint venture, association, organisation, state or agency of a state or other entity, whether or not having separate legal personality;

“Relevant Indebtedness” means any Indebtedness which is in the form of or represented by any bond, note, debenture, debenture stock, loan stock, certificate or other instrument which is, or is capable of being, listed, quoted or traded on any stock exchange or in any securities market (including, without limitation, any over-the-counter market); and

“Security Interest” means any mortgage, charge, pledge, lien or other security interest including, without limitation, anything analogous to any of the foregoing under the laws of any jurisdiction.

5. **INTEREST**

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Terms and Conditions, “Fixed Interest Period” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or

(B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

In these Terms and Conditions:

“Day Count Fraction” means, in respect of the calculation of an amount of interest in accordance with this Condition 5(a):

- (i) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:
 - (a) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “Accrual Period”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (b) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “30/360” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

“Determination Period” means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“sub-unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Floating Rate Notes*

(i) *Interest Payment Dates*

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an “Interest Payment Date”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Terms and Conditions, “Interest Period” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day on the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, “Business Day” means a day which is:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre (other than TARGET2 System) specified in the applicable Final Terms;
- (B) if TARGET2 System is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the “TARGET2 System”) is open; and

- (C) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Melbourne or Wellington, respectively) or (2) in relation to any sum payable in euro, a day on which TARGET2 System is open.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(A) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), “ISDA Rate” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the “ISDA Definitions”) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is the day as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(B) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be

disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of (1), no offered quotation appears or, in the case of (2), fewer than three offered quotations appear, in each case as at the Specified Time, the Agent shall request each of the Reference Banks to provide the Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the relevant Issuer suitable for the purpose) informs the Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

For the purposes of this sub-paragraph (C):

“Reference Banks” means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Agent.

“Specified Time” means 11.00 a.m. (London time, in the case of a determination of LIBOR, or Brussels time, in the case of a determination of EURIBOR).

(C) CMS Rate Determination for Floating Rate Notes

Where CMS Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be determined by the Calculation Agent (as specified in the applicable Final Terms) by reference to the following formula:

(CMS Rate x Multiplier) plus Margin

If the CMS Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at

approximately the Specified Time on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotation, the CMS Rate for such Interest Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent in good faith on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

For the purposes of this sub-paragraph (C):

swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "ISDA Definitions")) with a designated maturity determined by the Calculation Agent by reference to standard market practice and/or the ISDA Definitions;

“Representative Amount” means an amount that is representative for a single transaction in the relevant market at the relevant time.

“Specified Time” means (i) where the Reference Currency is Euro, 11.00 a.m., Frankfurt time; (ii) where the Reference Currency is Sterling, 11.00 a.m. London time; (iii) where the Reference Currency is United States dollar, 11.00 a.m., New York City time; and (iv) where the Reference Currency is Japanese Yen, 3:00 p.m., Tokyo time.

(iii) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and calculation of Interest Amounts*

The Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. The Agent will calculate the amount of interest (the “Interest Amount”) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

“Day Count Fraction” means, in respect of the calculation of an amount of interest in accordance with this Condition 5(b):

- (i) if “Actual/Actual (ISDA)” or “Actual/Actual” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

- (iii) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vi) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (vii) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(v) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Designated Maturity” means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(vi) *Notification of Rate of Interest and Interest Amounts*

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being listed (by no later than the first day of each Interest Period) and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 14. For the purposes of this paragraph, the expression “London Business Day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(vii) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(b), whether by the Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the Calculation Agent (if applicable), the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent or the Calculation Agent (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Exempt Notes*

In the case of Exempt Notes which are also Floating Rate Notes where the applicable Pricing Supplement identifies that Screen Rate Determination or CMS Rate Determination applies to the calculation of interest, if the Reference Rate from time to time is specified in the applicable Pricing Supplement as being other than LIBOR, EURIBOR or CMS Reference Rate, the Rate of Interest in respect of such Exempt Notes will be determined as provided in the applicable Pricing Supplement.

The rate or amount of interest payable in respect of Exempt Notes which are not also Fixed Rate Notes or Floating Rate Notes shall be determined in the manner specified in the applicable Pricing Supplement, provided that where such Notes are Index Linked Interest Notes the provisions of Condition 5(b) shall, save to the extent amended in the applicable Pricing Supplement, apply as if the references therein to Floating Rate Notes and to the Agent were references to Index Linked Interest Notes and the Calculation Agent, respectively, and provided further that the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Pricing Supplement.

(d) *Accrual of interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

6. PAYMENTS

(a) *Method of payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne or Wellington, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8, and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “Code”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 8) any law implementing an intergovernmental approach thereto.

(b) *Presentation of definitive Notes, Receipts and Coupons*

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) and save as provided in Condition 6(e) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "Long Maturity Note" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

(c) *Payments in respect of Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes or otherwise in the manner specified in the relevant Global Note where applicable against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. On the occasion of each payment, (i) in the case of any Global Note which is not issued in new global note ("NGN") form, a record of such payment made on such Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Agent, and (ii) in the case of any Global Note which is an NGN, the Agent shall instruct Euroclear and Clearstream, Luxembourg to make appropriate entries in their records to reflect such payment.

(d) *Specific provisions in relation to payments in respect of certain types of Exempt Notes*

Payments of instalments of principal (if any) in respect of definitive Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in Condition 6(a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in Condition 6(a) above only against presentation and surrender (or, in the case of

part payment of any sum due, endorsement) of the relevant Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. Receipts presented without the definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Upon the date on which any Dual Currency Note or Index Linked Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

(e) *General provisions applicable to payments*

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(f) *Payment Day*

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "Payment Day" means any day which (subject to Condition 9) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Notes in definitive form only, the relevant place of presentation; and
 - (B) in any Additional Financial Centre (other than the TARGET2 System) specified in the applicable Final Terms;
 - (C) if TARGET2 System is specified as an Additional Financial Centre in the applicable Final Terms, a day on which the TARGET2 System is open; and

- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne or Wellington, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

(g) *Interpretation of principal and interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Exempt Notes redeemable in instalments, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7(e)); and
- (vii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8.

7. REDEMPTION AND PURCHASE

(a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

(b) *Redemption for tax reasons*

Subject, in the case of Subordinated Notes, as provided in Condition 7(j), the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if:

- (i) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of Norway or any authority therein having power to tax or any political subdivision thereof, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes;

- (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it; and
- (iii) in case of Subordinated Notes, the effect of such obligation is material to the Issuer,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent to make available at its specified office to the Noteholders (i) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed pursuant to this Condition 7(b) will be redeemed at their Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Redemption at the option of the Issuer (Issuer Call)*

Subject in the case of Subordinated Notes, to obtaining the prior written consent of the FSAN as provided in Condition 7(j), if Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 14; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent,

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than a Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("Redeemed Notes") will (i) in the case of Redeemed Notes represented by definitive Notes, be selected individually by lot, not more than 30 days prior to the date fixed for redemption and (ii) in the case of Redeemed Notes represented by a Global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption.

(d) *Redemption at the option of the Noteholders (Investor Put)*

Subject, in the case of Subordinated Notes, to obtaining the prior written consent of the FSAN, as provided in Condition 7(j), if Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than 15 nor more than 30 days' notice the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

To exercise the right to require redemption of this Note the holder of this Note must deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a “Put Notice”) and in which the holder must specify a bank account to which payment is to be made under this Condition and the Put Notice must be accompanied by, if this Note is in definitive form, this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary or common safekeeper, as the case may be, for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

Any Put Notice given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 10.

(e) *Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 10:

- (i) Each Note (other than a Zero Coupon Note) will be redeemed at its Early Redemption Amount; and
- (ii) each Zero Coupon Note will be redeemed at an amount (the “Amortised Face Amount”) calculated in accordance with the following formula:

$$\text{Early Redemption} = RP(1 + AY)^y$$

where:

“RP” means the Reference Price;

“AY” means the Accrual Yield expressed as a decimal; and

“y” is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365,

(f) *Specific redemption provisions applicable to certain types of Exempt Notes*

The Final Redemption Amount, any Optional Redemption Amount and the Early Redemption Amount in respect of Index Linked Redemption Notes and Dual Currency Redemption Notes may be specified in, or determined in the manner specified in, the applicable Pricing Supplement. For the purposes of Condition 7(b), Index Linked Interest Notes and Dual Currency Interest Notes may be redeemed only on an Interest Payment Date.

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Pricing Supplement. In the case of early redemption, the Early Redemption Amount of Instalment Notes will be determined in the manner specified in the applicable Pricing Supplement.

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Pricing Supplement.

(g) *Purchases*

Subject, in the case of Subordinated Notes, as provided in Condition 7(j) the Issuer or any Subsidiary of the Issuer may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation.

(h) *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to paragraph (g) above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

(i) *Late payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

(j) *Consent*

In the case of Subordinated Notes, no early redemption in any circumstances or purchase under Condition 7(g) shall take place without the prior written consent of the FSAN. For the avoidance of doubt, redemption of Subordinated Notes under Condition 7(a) shall not require the consent of the FSAN.

(k) *Redemption of Subordinated Notes upon Capital Event*

If a Capital Event occurs, the relevant Issuer may, at its option, but subject to obtaining the prior written consent of the FSAN as provided in Condition 7(j), on giving not less than 30 nor more than 60 days'

notice to the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), on any Interest Payment Date redeem all (but not some only) of the Notes at an amount specified in the applicable Final Terms, together with interest accrued to (but excluding) the date of redemption. Upon the expiry of such notice, the relevant Issuer shall redeem the Subordinated Notes.

“Applicable Banking Regulations” means at any time the laws, regulations, requirements, guidelines and policies relating to capital adequacy then in effect in Norway including, without limitation to the generality of the foregoing, those regulations, requirements, guidelines and policies relating to capital adequacy adopted by a governmental authority from time to time and then in effect (whether or not such requirements, guidelines or policies have the force of law and whether or not they are applied generally or specifically to the relevant Issuer or to the relevant Issuer and its subsidiaries).

A “Capital Event” means the determination by the relevant Issuer, after consultation with the FSAN, that, as a result of a change in Norwegian law or Applicable Banking Regulations or any change in the official application or interpretation thereof becoming effective on or after the Issue Date, the Subordinated Notes are fully excluded from Tier 2 capital, such determination to be confirmed by the relevant Issuer in a certificate signed by two authorised signatories of the relevant Issuer.

“Tier 2 capital” means Tier 2 capital (Norw. “Tilleggskapital”) as described in § 4 of the Norwegian regulation of 1990-06-01 no. 435 about calculation of risk capital of financial institutions, clearing houses and securities trading companies (Norw. “FOR 1990-06-01 nr 435: Forskrift om beregning av ansvarlig kapital for finansinstitusjoner, oppgjørssentraler og verdipapirforetak”), as amended or replaced.

8. TAXATION

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of the Kingdom of Norway or any political subdivision or any authority thereof or therein having power to tax unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (a) the holder of which is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with the Kingdom of Norway other than the mere holding of such Note, Receipt or Coupon; or
- (b) presented for payment by more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6(f)).

As used in these Conditions the “Relevant Date” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

9. PRESCRIPTION

The Notes, Receipts and Coupons will become void unless claims in respect of principal and/or interest are made within a period of ten years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8) thereof.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6(b) or any Talon which would be void pursuant to Condition 6(b).

10. EVENTS OF DEFAULT

(a) *Events of Default relating to Unsubordinated Notes*

This Condition 10(a) only applies to Unsubordinated Notes. If any one or more of the following events (each an “Event of Default”) shall occur and be continuing with respect to any Unsubordinated Note:

- (i) if default is made in the payment in the Specified Currency of any principal or interest due in respect of the Notes or any of them and in the case of interest that default continues for a period of seven days; or
- (ii) if the Issuer fails to perform or observe any of its other obligations under these Conditions and (except in any case where the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by a Noteholder on the Issuer of notice requiring the same to be remedied; or
- (iii) any payment obligation under any indebtedness (including deposits) of the Issuer or any of its Principal Subsidiaries becomes due and repayable prematurely by reason of an event of default (howsoever described) or the Issuer or any of its Principal Subsidiaries fails to make any payment in respect of any indebtedness (including deposits) within 30 days of the due date for payment (or within the applicable grace period, if such period is longer than 30 days) or any security given by the Issuer or any of its Principal Subsidiaries for any indebtedness (including deposits) becomes enforceable or if default is made by the Issuer or any of its Principal Subsidiaries in making any payment due under any guarantee and/or indemnity given by it in relation to any obligation of any other person for 30 days (or within the applicable grace period, if such period is longer than 30 days), PROVIDED that no such event shall constitute an Event of Default unless the indebtedness (including deposits) or other relative liability either alone or when aggregated with other indebtedness (including deposits) and/or liabilities relating to all (if any) other events which shall have occurred and be outstanding shall amount to at least €10,000,000 (or its equivalent in any other currency) and PROVIDED further that, for the purposes of this Condition 10(iii), neither the Issuer nor any of its Principal Subsidiaries shall not be deemed to be in default with respect to any such indebtedness (including deposits), guarantee or indemnity if it shall be contesting in good faith by appropriate means its liability to make payment thereunder; or
- (iv) if any order is made by any competent court or resolution passed for the winding up or dissolution of the Issuer or any of its Principal Subsidiaries, save for the purposes of reorganisation on terms approved by an Extraordinary Resolution of the Noteholders; or
- (v) if the Issuer or any of its Principal Subsidiaries ceases or threatens to cease to carry on the whole or a substantial part of its business, save for the purposes of reorganisation on terms approved by an Extraordinary Resolution of the Noteholders, or the Issuer or any of its Principal Subsidiaries stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent; or
- (vi) if (A) proceedings are initiated against the Issuer or any of its Principal Subsidiaries under any applicable liquidation, insolvency, composition, reorganisation or other similar laws, or an application is made for the appointment of an administrative or other receiver, manager, administrator or other similar official, or an administrative or other receiver, manager,

administrator or other similar official is appointed, in relation to the Issuer or any of its Principal Subsidiaries or, as the case may be, in relation to the whole or a substantial part of the undertaking or assets of any of them, or an encumbrancer takes possession of the whole or a substantial part of the undertaking or assets of any of them, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against the whole or a substantial part of the undertaking or assets of any of them and (B) in any case (other than the appointment of an administrator) is not discharged within 14 days; or

- (vii) if the Issuer or any of its Principal Subsidiaries initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors),

then any holder of an Unsubordinated Note may, by written notice to the Issuer at the specified office of the Agent, effective upon the date of receipt thereof by the Agent, declare any Unsubordinated Notes held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as described in Condition 7(e)), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

For the purpose of this Condition:

“Principal Subsidiary” at any time shall mean a Subsidiary of the Issuer *inter alia*:

RISK AND CAPITAL MANAGEMENT

SpareBank 1 SMN aims to maintain a moderate risk profile and to employ high quality risk monitoring to substantially reduce the chances of a single event seriously impairing SpareBank 1 SMN's financial position. SpareBank 1 SMN's risk profile is quantified through targets for rating, risk-adjusted return, expected loss, necessary economic capital and regulatory capital adequacy.

The principles underlying SpareBank 1 SMN's risk management are laid down in SpareBank 1 SMN's risk management policy. SpareBank 1 SMN places much emphasis to identifying, measuring, managing and following up central risks to ensure that the SMN Group progresses in line with its adopted risk profile and strategies.

Risk management within the SMN Group is intended to support the SMN Group's strategic development and target attainment. The risk management regime is designed to ensure financial stability and prudent asset management. This will be achieved through:

- a strong organisational culture featuring a high level of risk-management awareness

- a sound understanding of the risks that drive earnings and risk costs, thereby creating an improved basis for decision-making
- striving for an optimal use of capital within the adopted business strategy
- Contingency plans are in place and will reduce the risk for unexpected negative events which could be detrimental to the SMN Group's operations and reputation in the market

Return on risk-adjusted capital is a key strategic target at SpareBank 1 SMN. It entails allocating capital to business areas based on the estimated risk attending the business concerned, and continuous monitoring of return on capital. Calculation of risk-adjusted capital makes it possible to compare risk across risk groups and business areas. Risk is also gauged and monitored by measuring positions relative to quantitative risk limits and key portfolio risk limits.

SpareBank 1 SMN applies a focused capital management process designed to assure:

- effective capital procurement and capital application in relation to the SMN Group's strategic objectives and adopted business strategy
- satisfactory capital adequacy in relation to the chosen risk profile
- competitive returns
- competitive terms and good long-term access to capital market funding
- the SMN Group's ability to maintain at minimum its present international ratings
- utilisation of growth potentials in the SMN Group's defined market area
- that no individual events can seriously impair the SMN Group's financial position

The SMN Group's overall risk exposure and risk trend are monitored through periodic risk reports to the Administration and the Board of Directors. Overall risk monitoring and reporting are carried out by the Risk Management Division which is independent of the SMN Group's business areas.

MANAGEMENT AND THE BOARD OF DIRECTORS

In accordance with the Financial Undertakings Act, SpareBank 1 SMN has a two-tier board structure consisting of a Supervisory Board and Board of Directors. The figure below shows an overview of SpareBank 1 SMN's management and control bodies:

A savings bank is basically a 'self-owned' institution, and its governance structure and the composition of its governing bodies differ from those of limited liability companies; see Section 7 of the Savings Banks Act which sets out the bodies which a savings bank must have – a supervisory board (also termed 'committee of representatives' or 'board of trustees'), a control committee and a board of directors. SpareBank 1 SMN's paramount body is the supervisory board comprising EC holders, depositors, employees and representatives of the public authorities.

The supervisory board ensures that SpareBank 1 SMN operates in line with its mission and in conformity with law, its articles of association and decisions of the supervisory board.

According to the Financial Undertakings Act, elected members must in aggregate reflect the savings bank's customer structure and other stakeholder SMN Groups and its role in society. At savings banks that have issued transferable ECs, at least one-fifth and not more than two-fifths of the members of the supervisory board must be elected by the EC holders. The supervisory board approves the SMN Group's accounts, authorises the Board of Directors to raise subordinated capital and to undertake any increase of capital, and appoints the members of SpareBank 1 SMN's Board of Directors, control committee and election committee. The supervisory board also fixes the remuneration for the above bodies. The members of the Board of Directors, the group CEO, the control committee and the auditor are summoned to meetings of SpareBank 1 SMN's supervisory board. They may participate in the proceedings but are not entitled to vote. The supervisory board chair presides over the meeting, or in the latter's absence, the deputy chair.

The supervisory board currently has 43 members and 32 alternates with the following representation:

- EC holders: 17 members and 10 alternates
- county councils of South Trøndelag, North Trøndelag and Møre and Romsdal: 8 members with 8 alternates
- depositors: 8 members with 8 alternates
- employees: 10 members with 6 alternates

The bank has recently resolved to amend the structure of its supervisory board, so that it will consist of 32 members and 30 alternates with the following representation going forward:

- EC holders: 12 members and 10 alternates
- county councils of South Trøndelag, North Trøndelag and Møre and Romsdal: 3 members with 3 alternates
- depositors: 9 members with 9 alternates
- employees: 8 members with 8 alternates

The new structure is expected to be implemented by the end of June 2017. No new (non-current) members are expected to be added to the supervisory board due to the amended structure.

BUSINESS DESCRIPTION OF SPAREBANK 1 NORD-NORGE

OVERVIEW

SpareBank 1 Nord-Norge is the result of the merger of around 40 savings banks in Nordland, Troms and Finnmark. SpareBank 1 Nord-Norge has a comprehensive network of 38 branches from Helgeland in the south to Svalbard in the north.

SpareBank 1 Nord-Norge's history started with the establishment of Tromsø Sparebank in 1836. Many of the region's small savings banks merged in the 1960s and 1970s. The wave of mergers culminated in the establishment of Sparebanken Nord-Norge on 1 July 1989. In the early 1990s, Nordkapp Sparebank and Sparebanken Nordland also became part of SpareBank 1 Nord-Norge.

In 1996 SpareBank 1 Nord-Norge became part of the SpareBank 1 Alliance - a group of four regional banks. These banks collectively own SpareBank 1 Gruppen AS, which is a supplier of various financial products and services.

The SpareBank 1 Alliance and SpareBank 1 Gruppen AS have played a very important role in SpareBank 1 Nord-Norge growing into a solid, strong bank 'For Northern Norway', which is SpareBank 1 Nord-Norge's vision.

SpareBank 1 Nord-Norge is a savings bank duly incorporated under the laws of Norway pursuant to the Financial Undertakings Act 2015 and is registered with the Norwegian Registry of Business Enterprises with organisation number 952706365. The address of the registered office is Storgata 65, 9008 Tromsø (tel +47 77 6 22000).

BUSINESS GOALS AND STRATEGY

SpareBank 1 Nord-Norge and its subsidiaries (the "NN Group") hold a unique position in the region, enjoying customer relationships with almost half of the population and a powerful distribution system thanks to branches in 38 locations. The customer service centre is open until midnight, while the online bank and mobile solutions ensure customers have access to SpareBank 1 Nord-Norge 24 hours a day.

Our corporate vision is "For Northern Norway". This means that SpareBank 1 Nord-Norge wants to be known as being:

- The region's local bank
- A group that creates value in, and invests it back into, Northern Norway
- Close and competent - with decisions taken on a local level
- Financially sound, generous and people-oriented - rich in tradition, yet modern
- A driving force behind the development of Northern Norway – we care about you!

SpareBank 1 Nord-Norge provides comprehensive, modern financial solutions to customers based in the northern Norwegian market. SpareBank 1 Nord-Norge is an independent financial services group within the SpareBank 1 Alliance. Being part of a national alliance ensures effective technological development and competitive terms and conditions.

SpareBank 1 Nord-Norge aims to be a bank that renews itself for the benefit of the people and businesses in northern Norway. SpareBank 1 Nord-Norge's strategy is to be aggressive in the market and be thought of as a clear alternative to national and international competitors.

SpareBank 1 Nord-Norge is an attractive workplace with a corporate culture characterised by dynamic training, a will to win, and a willingness to work together towards a common goal. Its operations are based on strict requirements concerning integrity and business ethics.

SpareBank 1 Nord-Norge has two shareholder groups: 46.4 per cent. is owned via the Oslo Stock Exchange, while 53.6 per cent. is owned by the North Norwegian community. This ownership model underpins the company's North Norwegian profile and strong position in the region, including through the allocation of dividends to the North Norwegian community.

BUSINESS OPERATIONS

Northern Norway has been enjoying a period of strong growth in recent years. This is noticeable in all sectors of society. The business sector is undergoing a wide-ranging process of renewal driven by strong export industries. The labour market is tight, with an unemployment rate below the national average, and households have healthy finances and are optimistic about the future. Prices in the housing market in the north are growing and house building is increasing.

The strong growth is due to the greater economic importance of the region's access to natural resources due to healthy fish stocks, access to marine areas for farming, greater interest in northern Norway as a travel destination, and significant oil and gas finds in the Norwegian Sea and Barents Sea. The growth in seafood exports is being driven by a strong salmon industry, while the value of exports in the cod sector has increased strongly. The tourism industry is undergoing renewal and change with the winter season becoming increasingly more important. House building and public investments have resulted in a persistently high level of activity in the building and construction sector.

SpareBank 1 Nord-Norge publishes analysis of economic trends in the region twice a year in the Business Barometer for northern Norway, a publication that is a partnership between the Confederation of Norwegian Enterprise (NHO), the Norwegian Confederation of Trade Unions (LO) and the bank. Forecasts at the start of 2017 point to a continued good outlook for growth. However, the level of uncertainty has increased somewhat due to continued instability in the international economy and less oil-related activity slowing growth in Norway.

Loans to the NN Group's retail market (including loans transferred to SpareBank 1 Boligkreditt) increased by 9.0 per cent. in 2016. At the same time, deposits rose by 6.8 per cent. The NN Group's lending growth in the corporate and public sector increased by 8.6 per cent., while corporate deposits increased by 8.8 per cent. and public sector deposits increased by 43.5 per cent.

SpareBank 1 Nord-Norge has increased the NN Group's net interest income (including commissions from transferred portfolios) from NOK 1,772 million in 2015 to NOK 1,821 million in 2016.

SpareBank 1 Nord-Norge is aiming to increase its income through a broad range of products within areas other than traditional credit activities that involve no credit risk, such as savings, investments and insurance. In 2016, the NN Group's net commissions and other operating income accounted for 36 per cent. of total income, compared with 38.2 per cent. in 2015.

In response to increased digitalisation and changes in customer behaviour, SpareBank 1 Nord-Norge has started to reorganise its business to improve profitability within the NN Group. The measures encompass increased earnings, reduced costs and a better return on capital. The work, which among other elements includes downsizing, closing of branches, automatization etc., has so far resulted in significant improvements. The NN Group's goal is to hold average annual cost increases at a maximum of 0 per cent., excluding restructuring costs and possible business expansions. Based on 2015 cost levels, the Board communicated expectations of negative cost growth in 2016 and 2017, but without taking account of cost increases as a result of the approved financial tax. There is an agreement in the Norwegian Parliament, as part of the "fiscal consensus", to introduce a financial tax because financial services are not subject to VAT. Negative cost growth was achieved in 2016, and ordinary operating costs for 2016 amounted to NOK 1,320 million, a decrease of NOK 141 million.

For the NN Group a total of NOK 213 million was recognised as loan losses in 2016, up from NOK 200 million in 2015. In the opinion of the Board, the quality of the bank's loan portfolio remains good, and going forward the bank will have a high focus on its work in connection with commitments in default and doubtful commitments in the NN Group. The general level of losses is expected to remain moderate for the immediate future.

The NN Group's long-term profitability target is to deliver strong returns on equity. To evaluate the actual current target for return on equity, the Board makes an assessment of the profitability expectations of the capital markets using forecasts from banking analysts. Other banks' profitability targets and actual profitability are also compared.

CAPITAL ADEQUACY

On 1 January 2007, SpareBank 1 Nord-Norge received permission from the Financial Supervisory Authority of Norway to use internal calculation methods (IRB - Internal Rating Based Approach) for credit risk.

The NN Group uses proportional consolidation for its capital adequacy reporting for the stakes in SpareBank 1 Boligkreditt, SpareBank 1 Næringskreditt and BN Bank.

Please refer to the section on capital management and new regulatory requirements.

SpareBank 1 Nord-Norge's goal is to maintain its financial strength and satisfy the defined minimum equity requirements at all times.

SpareBank 1 Nord-Norge's financial strength is considered good based on the regulatory requirements and the NN Group's CET1 level of 15.0 per cent as of year's end 2016.

SpareBank 1 Nord-Norge applies its own risk classification system for the monitoring of credit risk in the portfolio. The classification of risk classes is done on the basis of the probability of default for each individual commitment. In addition to the probability of default, SpareBank 1 Nord-Norge applies estimated value of collateralised assets pledged as security as an element when putting customers into different groups according to risk. The allocation is done by linking the collateral assets to the individual loans in question. Each customer is then put into risk groups according to probability of default and security class, as shown above. The classification matrix comprises 77 risk classes in relation to probability of default and security coverage.

The entire portfolio is scored on a monthly basis using automatic data acquisition based on objective data, such as updated accounts and tax assessments. Monitoring takes place based on the size of the commitment, risk class and migration. The scoring models for the corporate market and the retail market are validated and adjusted annually. This resulted in no material changes in the distribution between risk groups or in the calculation of expected annual losses in 2016.

Individual write-downs are made on retail and corporate market commitments that are identified as doubtful in accordance with the regulations of the Financial Supervisory Authority of Norway. The classification into risk groups (very low, etc.) is determined by how likely the customer is to default, and collateral coverage.

The share of the exposure that was high risk as at 31 December 2016 was 6.1 per cent., down from 9.1 per cent. in 2015. Non-performing and doubtful commitments accounted for 1.3 per cent. of SpareBank 1 Nord-Norge's overall exposure at the same point in time. The expected average annual net losses over an economic cycle are set as equal to the expected losses for one year, as estimated by means of SpareBank 1 Nord-Norge's classification system. In a period of economic expansion the actual annual losses will be less than in a future period of economic recession. In a period of economic recession the losses for an individual year are also expected to exceed the expected average losses. Expected losses are one of the parameters in SpareBank 1 Nord-Norge's pricing model for calculating recommended price.

RISK MANAGEMENT

For SpareBank 1 Nord-Norge it is important that external and internal reporting maintains a high level of quality. The NN Group is dependent on a good reputation and trust among its customers, owners, the authorities and other business associates in order to be an attractive partner and a natural first choice. In order to achieve this, the NN Group must have a clear and efficient structure for the division of responsibility and management.

SpareBank 1 Nord-Norge shall, at any given time, operate in accordance with the relevant laws, regulations and internal guidelines, including the Group's core values and ethical guidelines (SNN Code of Conduct).

SpareBank 1 Nord-Norge's risk and capital management should support the NN Group's strategic development and achievement of targets, and at the same time ensure financial stability and proper asset management. This is to be achieved through:

- A strong organizational structure characterized by high risk management awareness.
- Striving towards an optimal application of capital within the adopted business strategy.
- Striving for an equal risk-adjusted return on customers over time within the adopted business strategy.
- Exploitation of synergy and diversification effects.
- Having sufficient core/subordinated capital according to the chosen risk profile.

The Group aims to ensure that the aggregated risk level is moderate and within the limits set by the Group's subordinated capital and other provisions. The Group's minimum goal is to maintain its current international rating in order to ensure a long-term ample supply of ordinary borrowing from the capital markets.

BUSINESS DESCRIPTION OF SPAREBANK 1 ØSTLANDET

OVERVIEW

SpareBank 1 Østlandet can trace its history back to 1845, when funds from local granaries, forest commons, local authorities and private individuals were pooled to found the first of the savings banks that later became Sparebanken Hedmark and then SpareBank 1 Østlandet.

The bank came into being through a series of mergers between formerly independent savings banks in the county of Hedmark. Altogether, 22 local savings banks have merged and evolved to become Hedmark's largest provider of external debt financing. Prior to 1 April 2017, the bank's name was Sparebanken Hedmark. It assumed its current name following the merger with Bank 1 Oslo Akershus AS ("**B1OA**") on 1 April 2017. The bank has its head office in Hamar, Norway.

In June 2006, SpareBank 1 Østlandet became part of the SpareBank 1 alliance. The alliance has been key in the development and offering of relevant products to the customers of SpareBank 1 Østlandet, enabling the combination of efficient operations and economies of scale with independent local banking operations.

In the autumn of 2011, the former Sparebanken Hedmark expanded into the neighbouring county of Oppland with branches in the cities of Gjøvik and Lillehammer. In 2012, the bank also established a presence in the Municipality of Nes in the county of Akershus by purchasing a local branch from B1OA.

In 2013, Sparebanken Hedmark acquired 40.5 per cent of Bank 1 Oslo Akershus (B1OA). In December 2015, Sparebanken Hedmark signed an agreement with the Norwegian Confederation of Trade Unions and related associations (collectively referred to as "LO") and the other SpareBank 1 banks to acquire the remaining shares in B1OA. The acquisition was completed in June 2016. Finally, the legal merger between Sparebanken Hedmark and B1OA was completed at 1 April 2017, and the combined bank assumed its current name SpareBank 1 Østlandet. With the expansion into Oslo and other parts of Akershus, SpareBank 1 Østlandet has become Norway's fourth largest savings bank group.²

On a stand-alone basis, B1OA (a commercial bank) would have been the seventh largest Norwegian savings bank³ with total adjusted assets in 2016 of NOK 61 billion including loans transferred to the covered bond companies SpareBank 1 Boligkreditt and SpareBank 1 Næringskreditt.

When including B1OA, the SpareBank 1 Østlandet group has, as at 31 December 2016, around 290,000 customers, 1,200 employees across 38 offices and total assets of around NOK 138 billion, including loans transferred to SpareBank 1 Boligkreditt and SpareBank 1 Næringskreditt.

In the autumn of 2016, the Ministry of Finance gave its approval for SpareBank 1 Østlandet, as the first bank in Norway, to pay out annual customer dividends based on the Bank's profits. The first qualifying year started 1 January, 2017.

BUSINESS STRATEGY

SpareBank 1 Østlandet provides financial products and services to private individuals, businesses and the public sector in the eastern regions of Norway. As the leading financial group in the Inland region⁴, the group contributes to growth and development through financing individuals and companies. SpareBank 1 Østlandet also provides leasing, accounting and real estate brokerage services through its subsidiary companies. With the acquisition of B1OA, SpareBank 1 Østlandet expanded its home market to include a larger part of Eastern Norway.

SpareBank 1 Østlandet's mission statement is "creating together". The overarching goal of SpareBank 1 Østlandet is to remain one of Norway's largest, most well-capitalised and profitable financial groups.

In 2015, SpareBank 1 Østlandet set the following strategic goals for the period 2015 to 2018; by the end of 2018 to be:

- the fourth largest savings bank group in Norway, listed on Oslo Stock Exchange with equity certificates
- the preferred financial group in our original market area of Hedmark and the strongest-growing group in new market areas, outside Hedmark
- a financial group that is able to offer valuable solutions to our customers
- a bank with a performance-based culture with a focus on continuous improvements and effective working-processes

In 2017, the bank is expected to develop its revised strategy for the coming strategy period.

BUSINESS OPERATIONS

SpareBank 1 Østlandet plays an important role in the society of Hedmark county, given its large market share combined with large gifts, donations and sponsorships across the county's 22 municipalities. The group offers a wide range of products within loans, deposits, insurance, pensions, payment services, real estate agency, accounting services, leasing and financing. As a leading financial group in its geographical market area, the group is important for the region's growth and development through financing individuals and companies. The acquisition of B1OA led to the group expanding its geographical reach to include Oslo and larger parts of Akershus than was previously the case. B1OA also offered its customers regular banking and insurance services as well as real estate services. B1OA's market share in its geographical home market has been much lower than the market share of SpareBank 1 Østlandet in the latter's home market. The group does not plan to expand its combined product portfolio significantly as a consequence of the merger.

SpareBank 1 Østlandet's home market comprises the counties of Hedmark, Oppland, Oslo and Akershus. The Inland region, comprising the counties of Hedmark and Oppland, has traditionally been less cyclically sensitive than other regions, in part due to industry in the region not being particularly exposed to the oil and gas industry. In recent years, growth in this region has outpaced growth in the rest of Norway. The activity in the Capital region, with the counties of Oslo and Akershus, largely reflects the rest of the country, partly because the region accounts for a large proportion of the Norway's wealth creation. According to Norges Bank's regional network, economic growth in the Inland Region fell slightly at the beginning of 2017. However, Inland region companies expected higher growth in activity in the next 6 months. The growth in activity in the capital region increased in the first months of the year and the companies in the regional network expect even higher growth going forward. The rise in house prices slowed somewhat at the beginning of the year, due, in part, to the government's new mortgage regulation of 1 January 2017. The group is heavily involved in the mortgage market in the Capital region. The rise in house prices in this region in the last year has been high. However, the board of directors believes that the bank's lending practices reduce its vulnerability to a potential correction in the housing market. The bank's prudent lending practices for housing purposes are reflected in a low proportion of problem loans and the fact that the bank is operating well within the limits of the new mortgage regulation.

The chart below presents the organizational structure of SpareBank 1 Østlandet:

SpareBank 1 Østlandet's banking activities are organized into three separate divisions: Retail, Corporate and Organizational/Capital markets.

Within the Retail Market division ("RM") activities are divided into six geographic regions: Østerdalen, Glåmdalen, Hedmarken, Ringsaker/Oppland, Sentrum/Vest and Romerike-Øst-Follo. In addition, the retail division has a customer call center and a private banking team.

The Corporate Market division ("CM") is divided geographically into five regions: Oslo/Akershus, Hedmarken, Oppland, Østerdalen and Glåmdalen. The CM division also has a customer call center.

Both divisions offer financial and insurance products to private individuals and the corporate market (including the self-employed). The CM Division also provides cash management services. The divisions operate on a multi-channel distribution basis with 38 branches spread across the Inland (Hedmark and Oppland) and Capital (Oslo and Akershus) regions in addition to the two customer call centres and internet banking services.

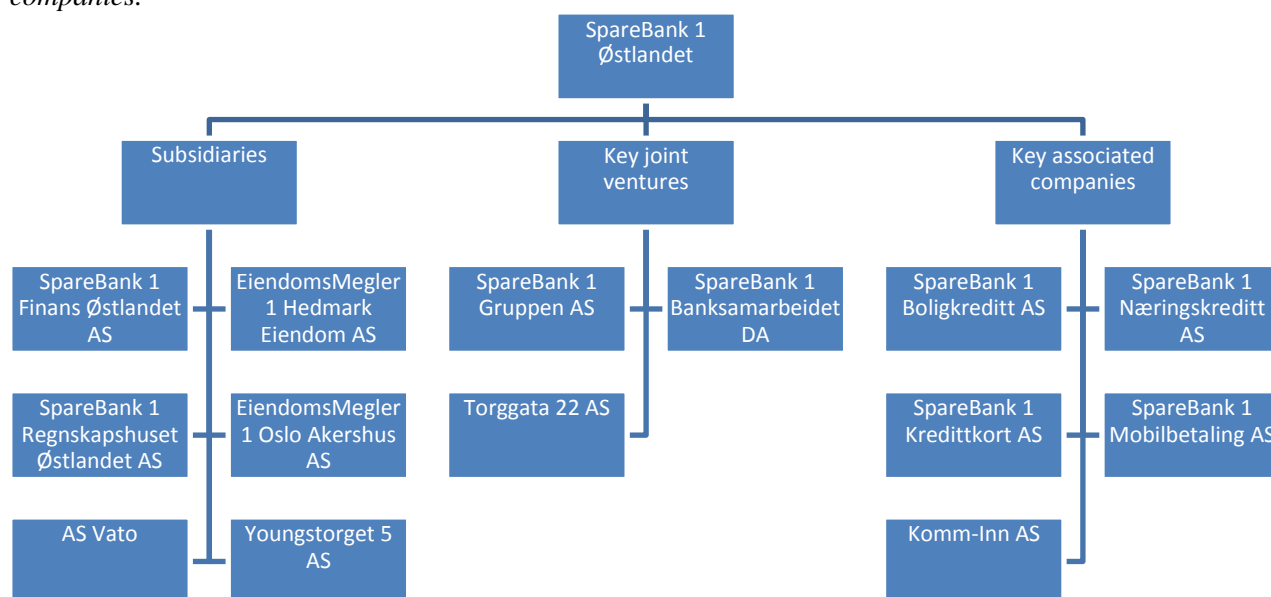

The Organizations and Capital Markets division ("OM") services customers across categories. Partly, the division functions as a dedicated unit for the bank's relations with the trade union movement. The unions are an important customer group in the bank, based in part on their significant deposit volumes.

The OM division also partly offers interest rate and FX brokerage and advisory services, primarily for the commercial needs of corporate clients, and provides wealth management services to high net worth individuals and corporates. The division does not engage in trading activities for the bank's own account.

In addition to the parent bank, the SpareBank 1 Østlandet group consists of six subsidiaries: EiendomsMegler 1 Hedmark Eiendom AS, EiendomsMegler 1 Oslo Akershus AS, SpareBank 1 Finans Østlandet AS, SpareBank 1 Regnskapshuset Østlandet AS, Vato AS and Youngstorget 5 AS. The subsidiaries are described in more detail below.

SUBSIDIARIES

The chart below gives an overview of SpareBank 1 Østlandet's subsidiaries, joint ventures and associated companies.

EiendomsMegler 1 Hedmark Eiendom AS

EiendomsMegler 1 Hedmark Eiendom AS is a part of the EiendomsMegler 1 Alliance, one of Norway's largest chain of real estate agents. The company has branches in all major cities and towns in Hedmark, as well as branches in Nes in Akershus and Gjøvik in Oppland. Most of the agencies are located together with the bank's branches in order to promote cooperation between the bank and real estate agencies in delivering relevant products to the customers of the group. The company has a total of 11 branches and is the largest local real estate agent in its market area measured in the number of home sales.

In 2016, turnover grew by 21 per cent. to NOK 99 million. Profit after tax was NOK 15 million, an increase from NOK 5 million compared to 2015. Parts of the increased profitability were due to the change in pension scheme from defined benefit pensions to defined contribution. The one-off positive effect was NOK 6.3 million. The company sold 1,947 properties worth a total of NOK 4.25 billion in 2016. This represents an increase of 19.2 per cent. in the number of properties compared with 2015.

SpareBank 1 Finans Østlandet AS

SpareBank 1 Finans Østlandet AS offers leasing and loan finance to the business sector, as well as unsecured loans for cars, motorcycles and caravans to private individuals. Until the end of 2015, the company was a wholly-owned subsidiary of SpareBank 1 Østlandet with its head office in Hamar. On 1 January 2016, SpareBank 1 Ringerike Hadeland became a part-owner (5 per cent). The company has a presence in Oslo, Akershus, Østfold, Buskerud, Vestfold, Hedmark and Oppland. This has made the company a significant participant in the leasing and secured financing market in Eastern Norway.

Demand for SpareBank 1 Finans Østlandet AS's products continued to grow in 2016, with a total increase in new sales of 8.8 per cent., equivalent to NOK 3,586 million. In 2016, profit after tax was NOK 85.5 million compared to NOK 74.1 million in 2015. Total assets increased by 12.4 per cent. to NOK 6,481 million. The company has 56 employees.

SpareBank 1 Regnskapshuset Østlandet AS

SpareBank 1 Regnskapshuset Østlandet AS provides services within accounting, payroll, and advice to small and medium-sized companies within production, trade, and farming. The company is a wholly-owned subsidiary of SpareBank 1 Østlandet and had 11 branches, one subsidiary and 168 employees at the end of 2016.

In 2015, the company sold its three branches in Rogaland to SpareBank 1 SR-bank and at the same time strengthened its position in Hamar and Nedre Romerike through three strategic acquisitions. Turnover decreased from NOK 172 million in 2015 to NOK 160 million in 2016. Profit after tax amounted to NOK 4.0 million in 2016, compared with 12.4 million in 2015 (SpareBank 1 Regnskapshuset Østlandet AS consolidated figures).

EiendomsMegler 1 Oslo Akershus AS

EiendomsMegler 1 Oslo Akershus AS is a wholly-owned administration and settlement office for the group's real estate services in the Oslo and Akershus regions. The company supports and owns 100% of the real estate agency EiendomsMegler 1 Oslo AS. Its headquarter is in Oslo. Profit after tax for EiendomsMegler 1 Oslo Akershus AS in 2016 was NOK 4 million (NOK 0.5 million in 2015), with operating income of NOK 36.5 million (NOK 31.7 million). Profit after tax for the subsidiary EiendomsMegler 1 Oslo AS in 2016 was NOK 3 million (NOK 4.8 million), with an operating income of NOK 213 million (NOK 207 million).

The real estate agent EiendomsMegler 1 Oslo AS has 21 sales offices in Oslo and Akershus, of which 20 are real estate agencies and one is a project office, offering homes in properties that are under development or construction. Most of the agencies are co-located with the bank's branches in the Oslo and Akershus regions, in order to promote cooperation between the bank and real estate agencies in delivering relevant products to the customers of the group. The real estate market in these regions during 2016 was characterized by strong housing price inflation and a fall in the number of housing sales. In 2016, EiendomsMegler 1 Oslo AS had

an estimated market share of 8.9 per cent. in Oslo and Akershus (9.1 per cent. in 2015). The company facilitated 2,473 housing sales in 2016, compared with 2,730 in 2015 (all numbers excluding project sales).

Vato AS

Youngstorget 5 AS

Youngstorget 5 AS is a Norwegian private limited liability company. The company was incorporated in 2017 and is owned 100% by the Bank. Until 17 January 2017, B1OA owned the property of its head office, Youngstorget 5. From 17 January 2017, the property was transferred to Sparebanken Hedmark as a single-purpose real estate company. The book value of the company is NOK 148 million.

FINANCIAL OVERVIEW

The following provides an overview of the financial performance of 2016 for SpareBank 1 Østlandet and the group. The bank figures are for Sparebanken Hedmark prior to the merger with B1OA (as of 31.12.2016, B1OA was 100 per cent owned by Sparebanken Hedmark), and the bank is thus referred to by its prior name in the narrative below.

In 2016, Sparebanken Hedmark owned, directly and indirectly, 12.4 per cent of SpareBank 1 Gruppen AS, 21.2 per cent of SpareBank 1 Mobilbetaling AS, 18.9 per cent of SpareBank 1 Kredittkort AS and 6.2 per cent of SpareBank 1 Markets AS. The bank also owned 20.3 per cent of SpareBank 1 Boligkreditt AS and 9.2 per cent of SpareBank 1 Næringskreditt AS (which are both covered bond companies). The results from the above companies are recognised in the bank's consolidated financial statements for 2016 proportionate to the bank's stake. The Sparebanken Hedmark group's financial statements for 2016 were prepared in accordance with international accounting standards as adopted by the European Union ("IFRS") (IAS 34 – Interim Financial Reporting).

Sparebanken Hedmark's acquisition of the remaining shares in B1OA was completed with accounting effect from 29 June 2016. The results from B1OA were in the first half of the year consolidated into the Group using the equity method with an ownership interest of 40.5 per cent. From and including the second half of the year, the results from B1OA were fully consolidated into the accounts of Sparebanken Hedmark. The consolidation of the accounts of B1OA means that Sparebanken Hedmark's consolidated financial statements for the second half of 2016 are not directly comparable with the figures for the year before.

The group's profit after tax for 2016 (previous year in brackets) totalled NOK 1,100 (930) million.

Net interest income amounted to NOK 1,490 (1,105) million. Total net interest income amounted to NOK 1,715 (1,293) million, inclusive of commissions from loans and credit transferred to part-owned covered bond companies (recognised as commissions) totalling NOK 225 (188) million.

Net commissions amounted to NOK 759 (461) million, while other operating income was NOK 180 (190) million.

The net result from financial assets and liabilities fell by NOK 294 million to NOK 220 (514) million. Dividend income of NOK 46 (9) million came primarily from VISA Norge with NOK 38 (0) million, and from Totens Sparebank with NOK 7 (7) million.

Net profit from ownership interests was NOK 236 (301) million. The profit from B1OA accounted for NOK 71 (103) million of the profit from ownership interests. The results from B1OA are consolidated into the consolidated financial statements with effect from the third quarter of 2016, while 40.5 per cent of the results from B1OA for the first half of 2016 were included in the results from ownership interests.

The profit contribution from SpareBank 1 Gruppen AS totalled NOK 192 (142) million.

The net investment result from other financial assets and liabilities was NOK -62 (205) million. This includes a gain of NOK 21 million, which represents a provisional settlement in arrears from the sale of Nets Holding ASA in connection with this company's sale of its shares in VISA Europe Ltd.

The group's operating costs were NOK 1,203 (1,052) million. The consolidation of the results from B1OA and EiendomsMegler 1 Oslo Akershus AS with effect from the third quarter of 2016 contributed to an increase in operating costs of NOK 392 million, while the recognition of NOK 271 million as income in connection with the winding up of the defined benefit pension scheme in Sparebanken Hedmark helped to reduce operating costs. Exclusive of the effects of the consolidation of B1OA and EiendomsMegler 1 Oslo Akershus AS, as well as the recognition of income in connection with the winding up of the defined benefit pension scheme, operating costs increased by NOK 30 million.

74 per cent of the Sparebanken Hedmark group's total lending including loans transferred to SpareBank 1 Boligkreditt AS and SpareBank 1 Næringskreditt AS were loans to the retail market, primarily home mortgages. The corporate market portfolio had no exposure to the oil and gas industry and was otherwise characterised by low risk. Losses remained low and amounted to NOK 75 (56) million. NOK 19 (6) million of the losses occurred in the retail market division and NOK 33 (29) million in the corporate market divisions, while NOK 4 (0) million was recognised as income in connection with the sales of a portfolio of loans with recorded losses. The losses in SpareBank 1 Finans Østlandet AS amounted to NOK 27 (21) million. Changes in group write-downs accounted for NOK 22 (4) million of the above losses.

Gross lending to customers, inclusive of loans transferred to the covered bond companies, totalled NOK 119.5 (61.1) billion. At year end, loans totalling NOK 34.9 (16.8) billion had been transferred to SpareBank 1 Boligkreditt AS and loans totalling NOK 1.6 (0.6) billion had been transferred to SpareBank 1 Næringskreditt AS. Retail customer loans transferred to the retail loan covered bond company as a percentage of the overall retail customer loans (loans on its balance sheet and transferred loans) was 39.2 (40.3) per cent.

The group's equity amounted to NOK 12.1 (8.7) billion, which is equivalent to 12.0 (15.6) per cent of the balance sheet. The leverage ratio was 7.4 (9.2) per cent. The group's common equity tier 1 ratio was 16.9 (17.2) per cent. The total capital adequacy ratio was 20.3 (19.1) per cent. In 2016, the group exceeded an equity stake of 20 per cent in SpareBank 1 Boligkreditt AS. This meant that, in terms of capital adequacy, SpareBank 1 Boligkreditt AS was proportionally consolidated with the group at large as at 31 December 2016. The group's long-term capital target for the common equity tier 1 capital ratio is 16 per cent.

Sparebanken Hedmark (now SpareBank 1 Østlandet) is rated A1 by Moody's Investor Service. The rating was upgraded from A2 to A1 on 11 October 2016, and currently has a 'stable outlook'. Moody's justified the upgrade by explaining that the acquisition of B1OA increased the probability of the bank receiving public support in a crisis situation. As the fourth largest savings bank in Norway and given its great importance with respect to access to capital in its region, Moody's believes Sparebanken Hedmark should be considered a systemically important financial institution in its rating method⁵.

RISK AND CAPITAL MANAGEMENT

SpareBank 1 Østlandet aims to maintain a low to moderate risk profile and to employ risk monitoring of such high quality that no single incident will seriously impair the bank's financial position. The risk profile has been set through risk statements for different risk areas and quantified through targets for rating, return on equity and regulatory capital adequacy.

SpareBank 1 Østlandet's risk management shall support the Bank's strategic development and the attainment of its goals. Risk management shall also ensure financial stability and satisfactory asset management. This is to be achieved by:

- a strong corporate culture characterised by high awareness of risk management

⁵ Source: Moody's Credit Opinion of SpareBank 1 Østlandet, 12 April 2017

- a good understanding of which risks drive earnings
- striving towards an optimal application of capital within the adopted business strategy
- avoiding unexpected negative events that can seriously impair the Group's financial status

SpareBank 1 Østlandet's capital management needs to ensure:

- effective funding and use of capital funds in relation to the Group's strategic goals and approved business strategy
- competitive returns
- satisfactory capital adequacy in relation to the Bank's chosen risk profile
- competitive terms and good long-term access to funding in capital markets
- exploitation of the growth opportunities in the Group's defined market area
- that no individual negative events can seriously harm the Group's financial status

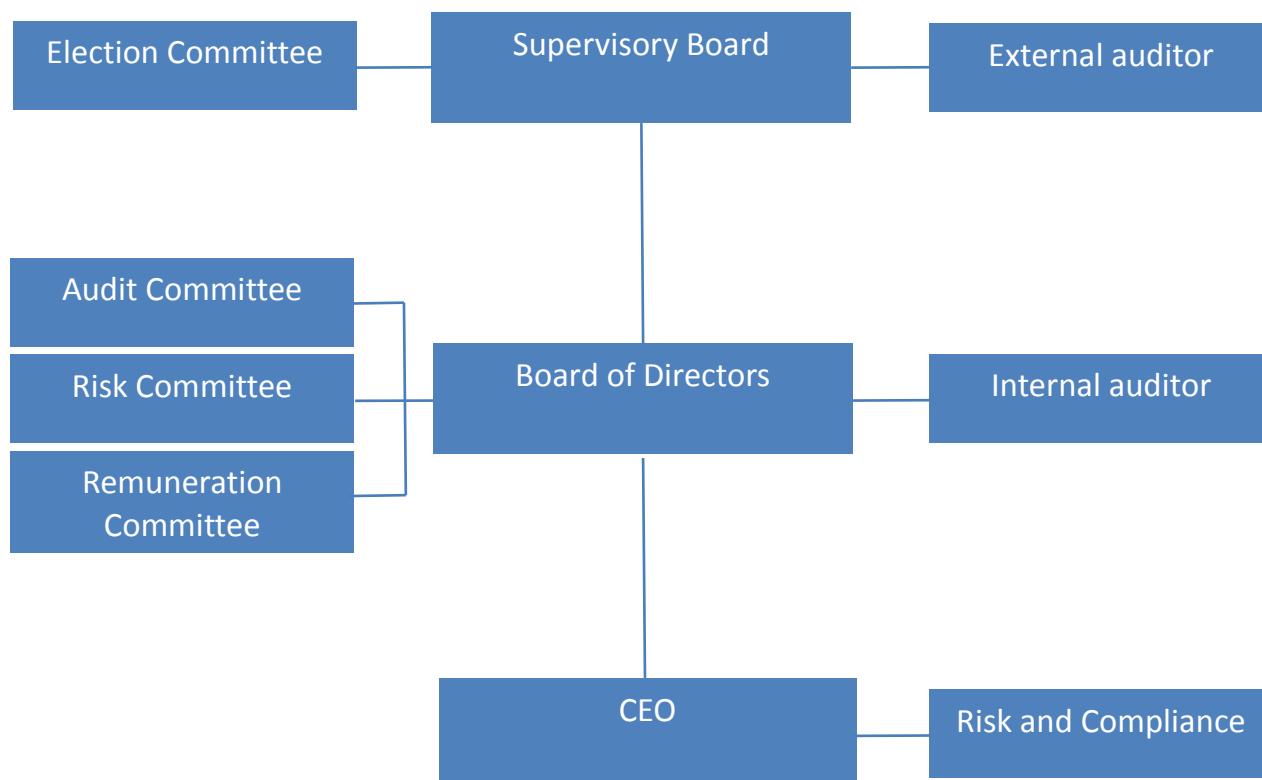

On the basis of the strategic goals, a capital plan is drawn up each year for the following three years to ensure long-term and targeted capital management. The capital plan takes into account projections of the Group's financial development over the next three years. These projections are based on the expected developments in the period, as well as a situation with a serious economic downturn over a minimum of three years.

Based on the projections of the total capital requirements, the management and the Board make an overall assessment about whether the capital requirements are sufficient and adapted to SpareBank 1 Østlandet's current and future risk profile and strategic goals.

SpareBank 1 Østlandet aims to be the most well-capitalised regional savings bank, and therefore has a target for common equity (CET1) of 16 per cent.

MANAGEMENT AND GOVERNANCE

SpareBank 1 Østlandet's various management and control bodies have been established with respect to Norwegian legislation. The figure below shows an overview of the bank's management and control bodies.

The governance structure and the composition of the governing bodies of savings banks differs somewhat from those of limited liability companies, as the Financial Undertakings Act sets out the bodies which a savings bank must have – a supervisory board (also termed ‘committee of representatives’ or ‘board of trustees’) and a board of directors.

The Supervisory Board

As the bank’s highest decision-making body, the Supervisory Board ensures that the bank operates in accordance with its objectives and in compliance with legislation and regulations.

The Supervisory Board has 40 members and 40 alternates with the following representation:

- 14 customers (depositors)
- 4 publically elected officials (Hedmark County Council)
- 12 equity certificate representatives
- 10 bank employees

The following is a list of the current members of the Supervisory Board (as of 31 March 2017).

TAXATION

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of Notes should consult their tax advisers as to the consequences under the tax laws of the country in which they are resident for tax purposes and the tax laws of Norway and Luxembourg in respect of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes. This summary is based upon the law as in effect on the date of this Prospectus and is subject to any change in law that may take effect after such date.

Norwegian Taxation

Taxation on Interest

Interest paid to a non-resident holder of Notes will not be subject to Norwegian income or withholding tax. Such holder of Notes may, however, be subject to taxation if the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway.

Such tax liability may be modified through an applicable tax treaty.

In a White Paper to the Parliament in October 2015 (Meld. St. 4 (2015-2016)), the Government advised that it will look further into the possible introduction of a Norwegian withholding tax on interest. In due course, a detailed proposal is expected to be submitted for public consultation when ready.

Taxation of Capital Gains

A non-resident holder of Notes is not taxed in Norway on gains derived from the sale, disposal or redemption of the Notes. Such holder of Notes may, however, be subject to taxation if the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway.

Such tax liability may be modified through an applicable tax treaty.

Wealth Tax

Norway does not levy any property tax or similar taxes on the Notes.

An individual non-resident holder of Notes is not subject to wealth tax, unless the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway.

Such tax liability may be modified through an applicable tax treaty.

Transfer Tax

There is currently no Norwegian transfer tax on the transfer of Notes.

Luxembourg Taxation

The following information is of a general nature only and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. The information contained within this section is limited to Luxembourg withholding tax issues and prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only.

(i) *Non-resident holders of Notes*

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

(ii) *Resident holders of Notes*

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005 as amended (the “Relibi Law”) mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Relibi Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is resident in Luxembourg will be subject to a withholding tax of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Accordingly, payments of interest under the Notes coming within the scope of the Relibi Law will be subject to a withholding tax at a rate of 20 per cent.

The proposed financial transactions tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “Commission’s Proposal”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “participating Member States”). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a **foreign financial institution** (as defined by FATCA) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting or related requirements. The issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including Norway) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their

jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to 1 January 2019 and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date. However, if additional Notes (as described under "*Terms and Conditions—Further Issues*") that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes.

SUBSCRIPTION AND SALE

The Dealers have, in a programme agreement (such agreement, as amended and/or supplemented and/or restated from time to time, the “Programme Agreement”) dated 9 June 2017, agreed with each Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*” and “*Terms and Conditions of the Notes*”. In the Programme Agreement, each Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or, if Category 2 is specified in the Final Terms, to, or for the account or benefit of, U.S. persons except in certain transactions exempt from or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. The applicable Final Terms (or Pricing Supplement, in the case of Exempt Notes) will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

If Category 2 is specified in the Final Terms each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Each issuance of Exempt Notes which are also Index Linked Notes or Dual Currency Notes shall be subject to such additional U.S. selling restrictions as the relevant Issuer and the relevant Dealer may agree as a term of the issuance and purchase of such Notes, which additional selling restrictions shall be set out in the applicable Pricing Supplement.

Public Offer Selling Restriction under the Prospectus Directive

Prohibition of sales to EEA Retail Investors

From 1 January 2018, unless the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or

otherwise make available any Notes which are the subject of the offering contemplated by the Offering Circular as completed by the Final Terms (or Pricing Supplement, as the case may be) in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression **retail investor** means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or
 - (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the **Prospectus Directive**); and
- (b) the expression an **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Prior to 1 January 2018, and from that date if the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, in relation to each Member State of the EEA which has implemented the Prospectus Directive (each, a “Relevant Member State”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive (and, in the case of investors in Norway capable of classification as qualified investors pursuant to the Prospectus Directive art. 2(e)(iii), who pursuant to the Securities Trading Regulation section 7-1(2) has opted to be classified as a qualified investor by registering as a “professional investor” (in Norwegian, a profesjonell investor) with the Financial Supervisory Authority of Norway);
- (ii) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (iii) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (i) to (iii) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) in relation to any Notes having a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the relevant Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the relevant Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the “FIEA”) and each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

Norway

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that unless the Issuer has confirmed in writing to each Dealer that the Base Prospectus has been filed with the Financial Supervisory Authority of Norway, it will not, directly or indirectly, offer or sell any Notes in Norway or to residents of Norway except:

- (i) in respect of an offer of Notes addressed to investors subject to a minimum purchase of Notes for a total consideration of not less than €100,000 per investor;
- (ii) to “professional investors” as defined in Section 7-1 in the Norwegian Securities Regulation of 29 June 2007 no. 876;
- (iii) to fewer than 150 natural or legal persons (other than “professional investors”) as defined in Section 7-1 in the Norwegian Securities Regulation of 29 June 2007 no. 876), subject to obtaining the prior consent of the relevant Dealer or Dealers for any such offer; or

- (iv) in any other circumstances provided that no such offer of Notes shall result in a requirement for the registration or the publication by the Issuer of the Dealer or Dealers of a prospectus pursuant to the Norwegian Securities Trading Act of 29 June 2007.

The Notes shall be registered with the Norwegian Central Securities Depository (*Verdipapirsentralen*) unless (i) the Notes are denominated in NOK and offered and sold outside of Norway to non-Norwegian tax residents only, or (ii) the Notes are denominated in a currency other than NOK and offered or sold outside of Norway.

General

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes this Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither any of the Issuers nor any of the other Dealers shall have any responsibility therefor.

None of the Issuers or the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

With regard to each Tranche, the relevant Dealer will be required to comply with such other restrictions as the relevant Issuer and the relevant Dealer shall agree and as shall be set out in the applicable Subscription Agreement.

Dealers Transacting with the Issuer

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for the Issuers and their affiliates in, the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuers or Issuers' affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuers routinely hedge their credit exposure to the Issuers consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
