Home market
- The most cyclically stable region of Norway
- Low unemployment and high economic activity
- Market leader in The Inland region, challenger in the Capital region
Transaction rationale
The Bank’s ambitions have consequences for the funding strategy

• The Bank’s revised business strategy has consequences for the funding strategy going forward
• Deposits are, and will be the Bank’s most important funding source
• The Bank will continue to use SPABOL for covered bond funding
• Senior unsecured in NOK will still be the most important source for senior funding
• **Senior unsecured in EUR will be important going forward**
  — The Bank has only done private placements so far
  — Planning one EUR benchmark issue per year going forward
  — Over time approximately 40 % of senior funding will be expected to be done in EUR

*SpareBank 1 Ostlandet rated A1 (outlook neg.) by Moody’s has mandated BNP Paribas, Commerzbank, Danske Bank and DZ BANK to arrange a roadshow for its upcoming inaugural EUR 500mm (no grow) senior unsecured transaction with an intermediate maturity. Launched in the near future pursuant to the issuer’s EMTN Programme dated 09 June 2017, subject to market conditions. FCA/ICMA Stabilisation. Manufacturer target market (MIFID II product governance) is eligible counterparties and professional clients only (all distribution channels).*

Main take-aways

- “SpareBank 1 Østlandet's ratings are supported by its Very Strong Macro Profile”
- “Solid capital levels, which are the strongest among peers”
- “Asset risk metrics improve post acquisition, on the back of a lower credit risk portfolio”
- (*)“However, the expected implementation of the official resolution regime in Norway in the coming months, will likely cause us to reconsider/ lower our government support assumptions for all rated savings banks in Norway, including SpareBank 1 Østlandet, as reflected by the current negative rating outlook.”
The Bank’s ambitions have consequences for the funding strategy

Today’s funding mix and thoughts on funding going forward

- Deposits are, and will be the most important funding source
- Will continue to use SPABOL for covered bond funding
- Senior unsecured in NOK will be the most important source for senior funding
- Senior unsecured in EUR:
  - Private placements so far
  - Planning one EUR benchmark issue per year going forward
  - Within the strategy period 40% of senior funding will be in EUR
The merger has lead to higher funding activity

Funding profile as of 4Q-2017 (MNOK)

- Well diversified funding profile
- Average time to maturity 3.6 years
- Total maturities of NOK 27.2 bn
- Mortgages of NOK 39 bn transferred to SPABOL as of year end 2017
The Bank’s target core equity tier 1 ratio is 16.0 %

As of 31 December 2017, the core equity tier 1 ratio was 16.8 %

The regulatory requirement is 13.7 %, including a Pillar 2 requirement of 1.7%

The Financial Supervisory Authority of Norway has imposed a revised Pillar 2 requirement of 1.8 % with effect from 31 March 2018. The new total requirement for core equity tier 1 capital will then be 13.8 %.

The leverage ratio was 7.1 % (7.4 %) as of 31 December 2017.

The sovereign wealth fund relative to GDP

- All petroleum related income – oil taxes and direct revenue flows into the fund
- 3 % of the fund’s size may be spent in the national budget
  - Average over time
  - Can be used as a countercyclical measure
- The fund is prohibited from investing in Norwegian assets or banks

Government gross debt and financial net worth (% of GDP)

- In 2016 and 2017, total government expenditure was slightly above its income (before oil income)

Regulations
IFRS 9 and Pillar 2

- The new loss model based on IFRS 9 has no significant effect on capital adequacy. Total loss provisions for the Group as of 1 January 2018 are estimated at NOK 389 million, NOK 22 million higher than the loss provisions as of 31 December 2017.
- The effect of changed classification and measurement is otherwise neutral from a regulatory perspective.
- The total implementation effect of IFRS 9 for the Group is estimated at a 0.03 percentage point reduction in the core equity tier 1 capital ratio.

Pillar 2 requirement increased to 1.8 % effective 31 March 2018

- On 2 February, the Financial Supervisory Authority of Norway set a Pillar 2 requirement of 1.8 % for SpareBank 1 Østlandet. This is 0.1 percentage points higher than the previous requirement.
- The increase is explained by the Financial Supervisory Authority of Norway’s qualitative assessments of the merger risks in the Group. The Bank disagrees with the assessment, as the merger is finalised, but will not appeal the decision.
Net reversals on losses
Net loan loss provisions (NOK millions)

- Net reversals on losses NOK 13 million in the fourth quarter
  - Equal to -0.1 % of gross lending*.
