

To the Board of Directors of SpareBank 1 SMN

Independent Practitioner's Assurance Report on SpareBank 1 SMN's Third Reporting for Signatories of the Principles for Responsible Banking (PRB) as of 31 March 2023

We have undertaken a limited assurance engagement in respect of "SpareBank 1 SMN's Third Reporting for Signatories of the Principles for Responsible Banking (PRB) as of 31 March 2023 (the Subject Matter)".

The identified Subject Matter Information is summarised below:

- 2.1 Impact analysis
- 2.2 Target setting
- 2.3 Target Implementation and Monitoring
- 5.1 Governance Structure for Implementation of the Principles

The applicable criteria against which the Subject Matter has been evaluated is the Principles for Responsible Banking, Guidance Document (updated in November 2021), Published by UNEP Finance Initiative (the Criteria).

Management's Responsibility

Management is responsible for the preparation of the Subject Matter Information in accordance with the applicable Criteria. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation of a Subject Matter Information that is free from material misstatement, whether due to fraud or error.

Our Independence and Quality Management

We have complied with the independence and other ethical requirements of the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We apply the International Standard on Quality Management (ISQM) 1, *Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagements*, and accordingly, maintain a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Our Responsibilities

Our responsibility is to express a conclusion on the Subject Matter Information based on the evidence we have obtained. We conducted our limited assurance engagement in accordance with International Standard on Assurance Engagements (ISAE) 3000 revised – «Assurance Engagements other than Audits or Reviews of Historical Information», issued by the International Auditing and

Assurance Standards Board. That standard requires that we plan and perform this engagement to obtain limited assurance about whether the Subject Matter Information is free from material misstatement.

A limited assurance engagement in accordance with ISAE 3000 involves assessing the suitability in the circumstances of management's use of the Criteria as the basis for the preparation of the Subject Matter Information, assessing the risks of material misstatement of the Subject Matter Information whether due to fraud or error, responding to the assessed risks as necessary in the circumstances, and evaluating the overall presentation of the Subject Matter Information. A limited assurance engagement is substantially less in scope than a reasonable assurance engagement in relation to both the risk assessment procedures, including an understanding of internal control, and the procedures performed in response to the assessed risks.

The procedures we performed were based on our professional judgment and, among others, included:

- Making inquiries of the persons responsible for the Subject Matter;
- Obtaining an understanding of the process for collecting and reporting the Subject Matter Information, including relevant internal controls;
- Performing limited substantive testing on a selective basis of the Subject Matter Information to test whether data had been appropriately measured, recorded, collated and reported;
- Considering presentation of the Subject Matter Information.

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had we performed a reasonable assurance engagement. Accordingly, we do not express a reasonable assurance opinion about whether the Subject Matter Information has been prepared, in all material respects, in accordance with the Criteria

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

Conclusion

Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the Subject Matter Information is not prepared, in all material respects, in accordance with the applicable Criteria.
