Comments

- Positive operating result for first time in the company's history in a demanding market for several business lines
- A more robust business model established after integration with SMN Markets and costs measures in 2014
- Good underlying trend for all business lines

Three initiatives will help create the bank of the future, develop the organisation and enhance the bank's efficiency

1

Create a forward-looking, offensive and sales-oriented organisation

2

Develop and renew an efficient distribution model with lower costs

3

Best for customer experience through continuous customer dialogue and increased use of customer data

Zero growth in costs towards 2016

The bank is enhancing efficiency to maintain competitiveness

Continuous cost focus will bring zero growth in costs in run-up to 2016

Industrially rational

- Continuous focus on efficiency brings improved quality
- Cost efficiencies contribute to a more efficient organisation
- Adapting costs promotes a more effective business model

Tough and efficient competitors

- Competitors have ambitious costs plans
- If we are to compete on prices and terms, we must be efficient
- Cost efficiency strengthens the bank's market power

A more efficient bank

- Increased self-service and digitalization creates space for efficiency enhancement
- Making processes more efficient frees up time and resources
- A more efficient bank makes for a better customer experience

An excellent effort across the organisation to develop tomorrow's bank

A New distribution model

- SMN working on a new distribution model
- Changing customer behaviour presents new opportunities
- Bank to further increase its selling power

B Technological developments provide new opportunities

- New webpages will create better interplay between the channels
- We are further developing the internet bank and the mobile bank
- We are investing in tools to expand dialogue with customers

C Improving production efficiency

- Continuous improvement as a tool
- Streamlining processes and products
- Unify production processes where this is considered rational

D Increased focus on customer dialogue

- We still have potential to increase the time devoted to customer dialogue
- Through freed-up time and new tools we will increase our dialogue with, and time spent on, our customers

SpareBank 1 SMN intends to be among the best performing banks

Customer orientation	Best on customer experience Will continue to strengthen market position
Profitable	Among the best performing banks, ROE 12 % annually
Solid	13.5% by the end of 1. half 2016
Efficient	Zero cost growth in parent bank 2014 – 2016
Dividend	Real-terms payout ratio of 25% to 35%. Strong focus on strengthening capital through retained profit

SpareBank 1 SMN will achieve zero growth in costs by means of defined measures

1

New distribution model: focus on increasing distribution power in the channels and increasing sales at relatively low cost

2

Organizational adjustment: planned organizational adjustments to be implemented in period to 2017

3

Cost reduction programme: targeted measures at parent bank will contribute to achieving goal of zero growth in nominal kroner in the period to 2017

Costs, parent bank and subsidiaries

Comments

- Growth in costs at parent bank 0.7 %
- The bank's ambition is zero growth in costs in parent bank in 2015 and 2016

FTEs crucial to achieving costs goal

- At end-March there were 37 fewer FTEs at the parent bank than at year-end
- This is mainly natural wastage
- A further reduction of about 60 FTEs is aimed for by the end of 2016

Reduced costs in parent bank, some growth in subsidiaries

2. Quarter: 12. August 2015
3. Quarter: 30. October 2015

Appendix

Changing customer behaviour and digitalisation provide new potentials for customer dialogue and good customer experience; strong growth in use of digital facilities

Changing customer behaviour and digitalisation gives new sales potentials and

- 1 More products in the digital channel
- 2 Use of data, analysis and customer dialogue
- 3 Seamless channels pull together

New products being launched in the mobile bank all the while. SMN to launch new webpages this year. Greater effort focused on large data volumes, analysis and use of customer data in order to enhance customer experience and cross-sales

Growing number of digital customers ; traffic on digital channels soon to reach 20 million

Solid services and good user experience attract more digital customers

Customers log into the internet bank 4-5 times a month and log into the mobile bank about 19 times a month.

Good profit trend for core business

A clear strategy brings results and contributes to diversified revenues from a broad segment that is geographically dispersed across the region

Clear strategy

Clear strategic direction in which the finance house is further developed

Synergy between the parent bank and subsidiaries

Increased focus on sales of general-interest products

Increasing sales on direct bank and digital channels

Sales-oriented organisation with clear sales objectives

.... Strong results from subsidiaries and business areas

Commissions from SpareBank 1 Boligkreditt and Næringskreditt are not included

SpareBank 1 SMN will come across as cost-efficient not just on an individual basis but also as a group

Profitable and non-capital-intensive subsidiaries:

- ① Both EM1 and Regnskapshuset SMN are companies making a sound profit – and requiring little equity capital compared with the group's other businesses
- ②
- ③ In their respective segments they are highly cost-efficient

But pose a challenge to the group's cost / income ratio

Good cost control
